Read again Proceedings of the Board of Revenue, dated 10th June 1874, No. 1,418, recorded in the Proceedings of Government, dated 27th June 1874, No. 804.

No. 111. Read also the following Proceedings of the Board of Revenue, dated 12th November 1874, No. 3,257 :—

Read the following letter from the Hon. D. ARBUTHNOTT, Collector of Tanjore, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 23rd September 1874, No. 305 :— .

Plans and estimates received with G. O., dated 27th June 1874, No. 804, are returned.

With reference to the Proceedings of the Board of Revenue, dated 6th August 1874, No. 2,120, I have the honor to forward a letter from the Acting Sub-Collector regarding the addition to be made to his proposed new Cutcherry. I agree with the Board in thinking that all the items from four to thirteen among those mentioned as necessary for the Sub-Collector's office at Gooty, except No. 5, are wanted. I think also that there should be a substantial wooden fence round the compound instead of Item No. 5.

Enclosure No. 1.

From J. CAMERON, Esq., Acting Sub Collector, to the Hon. D. ARBUTHNOTT, Collector of Tanjore, dated Negapatam, 26th August 1874, No. 392.

In reply to your foot-note on Proceedings of the Board of Revenue, dated 6th August 1874, No. 2,120, I have the honor to report that out of the items mentioned as necessary for the Sub-Collector's office at Gooty in Enclosure No. 1 to Proceedings of 4th May 1874, No. 1,032, I think the following are necessary :—

No. 4. Coach-house and stables.
,, 6. Iron-barring windows of Record-room.
,, 8. Verandah for Record-room.
,, 9. Verandah behind Court-house.
,, 10. End verandah to main building.
,, 11. Punkahs, etc.
,, 12. Raised bench and railing.
,, 13. Pandal round verandah.

I do not know that Nos. 8 and 10 are very necessary, but I include them as Government appears to have allowed them in the case of Gooty. No. 9 is necessary, especially if there is a window in that wall. I alluded to this in letter of 14th April, No. 153. As to No. 7, I do not know if that is necessary. If they are, it is the back and not the front of the building where they are most needed, as it appears from the survey plan of the site that the building is intended to face the south, while most wind and rain may be expected from the north and east. I also think that some sort of fence is desirable. A substantial wooden one might perhaps be sufficient. The enclosures are returned herewith.

ENCLOSURE No. 7.—Survey Plan.

SUBMITTED to Government with reference to G. O. of 27th June 1874, No. 804.

2. The additions proposed to be made to the Cutcherry are identical with those proposed for the Sub-Collector's office at Gooty, and are thirteen in number, viz.:—

1. Ryots' shed.
2. Latrine.
3. Moochee's room.
4. Coach-house and stables.
5. Compound wall.
6. Iron bars for window of Record-room.
7. Glazed doors and windows for the front of the building.
8. Verandah for the Record-room.
9. Do. behind the Court-house.
10. End verandah to the main building.
11. Punkahs, etc.
12. Raised bench and railing.
13. Pandal round the verandah.

3. The Board support the Collector's proposals excepting as regards the coach-house and stable (No. 4) which seem unnecessary.

4. The Board are also of opinion that the addition of the end verandah to the main building (No. 10) should not be made without the approval of the Government Architect, whose design would be thereby materially injured.

5. The Board quite approve of the wooden compound fence proposed by the Collector in place of No. 5.

Miscellaneous.

UNDER the circumstances stated in the Board's Proceedings, dated 10th June 1874, No. 1,418, the retention of the buildings to be superseded by the new Sub-Collector's office at Negapatam is approved. The Collector remarks that the estimate of Rs. 600 for their repair might be considerably reduced.

2. Now that the old buildings are to be retained, the ryot's shed will not be required. The Moochee's room and compound wall are unnecessary, as already decided in the case of the Gooty Cutcherry. The coach-house and stables will also be struck out agreeably to the Board's recommendation. As regards pandals, the Board's attention will be called to paragraph 3 of the Public Works G. O., dated 4th July 1874, No. 1,796, communicated to them with Revenue G. O., dated 7th July 1874, No. 74. The other additions are approved, and orders will be issued from the Public Works Department for the preparation of revised plans and estimates. The attention of that department will be requested to paragraph 4 of the Board's second Proceedings above recorded.

G. O., dated 2nd June 1874, No. 679.

3. The Government do not approve of a wooden fence for the compound. A good vegetable fence will answer the purpose.
