Proceedings of the Madras Government, Revenue Department,
12th December 1874.

No. 157. Read the following despatch from the Right Honorable the Secretary of State for India:—

Financial.

INDIA OFFICE, LONDON,
5th November 1874.

My Lord, I have considered in Council the application contained in your letter No. 150, dated 28th March 1873, for the *Kingdom of Saxony*.

2. The Paint Mill [illegible] in compliance with a request for Levigators, 15-inch, included [illegible] stores for the Madras Revenue Survey Department, received with your letter No. 150, dated 28th March 1873.

3. The indent did not state for what purpose the Levigators were required, and it was, therefore, supposed that they were intended for levigating or grinding paint, and under this impression the simplest and cheapest kind of Paint Mills of the nearest size to 15-inch manufactured were procured.

4. In a previous indent, received in 1872, for stores for the Madras Revenue Department, a Levigator was requested and described as "being required for facilitating the cleaning of Lithographic Stones;" if this information had been repeated in the indent of 1873, the nature of the articles requested would have been understood, and the error, which appears to have been made, avoided.

5. I have sanctioned the provision of two Levigators similar to the one provided, in compliance with the indent of 1872, in lieu of the Paint Mills, which might be taken in charge by the Ordnance Department for use in the arsenals, or for issue to out-stations where large quantities of paint are used.

I have, etc.,

The Governor in Council, Fort. St. George.

My Lord,

1. I have considered in Council your Revenue letter dated 12th June last, No. 91 reporting that the Superintendent of Revenue Survey declines to receive some paint Mills supplied for his department, and shipped per the "Kingdom of Saxony".
