Proceedings of the Madras Government, Revenue Department,
15th December 1874.

No. 176. Read the following Proceedings of the Board of Revenue, dated 23rd November 1874, No. 3,367:—

Read the following Proceedings of the Madras Government, dated 23rd September 1874, No. 1,205, Revenue Department:—

ABSTRACT.—*Veterinary Surgeon for treatment of diseased Cattle in Madras Presidency, etc.*—Concurring with the Board regarding the employment of a —; resolving to recommend to Government of India that the Home Government be applied to for such an officer; and requesting the Board to submit a draft agreement embodying the terms on which they consider he should be engaged.

WITH reference to paragraph 3 of the order recorded above, the Board resolve to submit a draft agreement embodying the terms on which they consider that a Veterinary Surgeon for the treatment of diseased cattle should be engaged. The draft is based on the agreement executed by Mr. Benson, Assistant to the Superintendent of Government Farms, and contains similar provisions as to payment of a lump sum for passage out and home and as to date of commencement of service and of payment of salary. Clause 10 seems to conflict with Clause 4 which requires 3 months notice or payment of 3 months salary previous to dismissal, whilst the former authorizes immediate dismissal, but as Mr. Benson's agreement was probably drawn up by a lawyer the Board have embodied similar provisions in the draft agreement.

2. The Board are not aware whether under existing Rules the Government are precluded from applying to the Military Department for the services of one of the Veterinary Surgeons on the Establishment, as was done in the case of Mr. Thacker, but if the rules admit of such a course the Board consider that it would be preferable to secure the services of an officer already acquainted with the country and the language and inured to the climate.
