No 190. Read the following Proceedings of the Board of Revenue, dated 19th November 1874, No. 3,324 :—

Read again Board's Proceedings, dated 15th June 1874, No. 1,454.

Read also the following letter from W. D. HORSLEY, Esq., Collector of Cuddapah, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Kanulmudgu, 10th September 1874, No. 210 :—

With reference to Board's Proceedings, No. 1,454, dated 15th June last, I have the honor to forward Statements* of Objections made by Nawabkhan Sandoji, Jivankhan Sandoji, and Ghouse Mia brother of Syed Badai Mia deceased, to relinquish the land proposed to be taken up for the formation of a discharge channel from the Patha Cuddapah Tank.

* With translations.

2. In the Notification which accompanied my letter, No. 113, dated 21st May last, recorded in the Proceedings under reference, the lands required are stated to be in the possession of Perumallu, Peter Wesley, and Syed Badai Mia. This is incorrect. The putta for No. 72 stands in the name of Nawabkhan Sandoji who has sold the land to Jivankhan Sandoji. The entry in the putta remains unaltered. Syed Badai Mia, the puttadar of No. 78 is dead. The putta still stands in his name. His representative is his brother Ghouse Mia.

Enclosures Nos. 1 and 2.—Statements of Objections.

Enclosure No. 3.—Translation of Statements of Objections.

Submitted for the orders of Government.

2. Certain streets in the town of Cuddapah are occasionally inundated by the discharge water of a tank owing to the cultivation of a part of the bed of its surplus channel. This land was occupied previous to the construction of the Calingula twenty years ago and it has been cultivated ever since. The owners refuse to relinquish the land and accept compensation. The reasons assigned are that they have cultivated the land for a long time, that its cultivation causes no obstruction to the flow of water and that they will suffer loss. One of them says that he has only this piece of land and requests that in case it is taken from him that other land be given in exchange, an arrangement to which there is no objection if other land is available.

3. As it is clear that the cultivation of the land is objectionable the Board recommend that the Collector be authorised to take it up under Act X. of 1870.

4. The draft notification has been altered with reference to the change of ownership adverted to in paragraph 2 of the Collector's second letter.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 15th June 1874.

Read the following letter from W. D. HORSLEY, Esq., Collector of Cuddapah, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Kavalmudgoo, 21st May 1874, No. 113 :—

THE Municipal Commissioners of Cuddapah town complained to me that certain streets in the town were occasionally inundated by the discharge water from the Pata Cuddapah tank. On referring the subject to the District Engineer, he reported that the bed of the discharge channel was cultivated, and requested that the same might be put a stop to.

2. The ryots refuse to give up the land, and to receive compensation, and there is, therefore, nothing for it, but to take proceedings under the Land Acquisition Act X of 1870.

3. The calingula from which the channel leads was made in Fasli 1263, (1853-54) after the tank had been constructed. The land in the bed of the discharge channel was occupied prior to the construction of the calingula.

4. I have the honour to request that the authority of Government may be obtained to putting the Land Acquisition Act in force. I enclose a draft notification under the provisions of Section 6 of the Act for approval.
