No. 215. Read the following Proceedings of the Board of Revenue, dated 9th December 1874, No. 3,568 :—

Read the following letter from R. W. BARLOW, Esq., Collector of the Chingleput District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Saidapet, 30th November 1874, No. 676 :—

In forwarding the enclosed extract from a letter just received from Special Deputy-Collector Vencatesiah, and adverting to paragraph 1 of G. O., dated 12th October last, No. 1,306, I have the honor to request, under the circumstances stated, that his services may be continued in this district until the 30th of 1875. The Deputy-Collector only asks for four months from the present or up to 31st March next, but I think it safer to apply for one month longer, on account of unforeseen work arising.

2. It is to be regretted that the Deputy-Collector should have underestimated the extent of his work; but over-sanguineness and anxiety to complete the same as soon as possible was the cause, and the delay is in no way attributable. I am convinced, to want of energy on his part.

3. Vencatesiah's communication is only demi-official, but as he is away at Srirangapatnam, and the year drawing to a close, I deem it advisable to make the reference at once.

4. I take this opportunity of mentioning that, on receipt of G. O., dated 16th March 1874, No. 714, Public Works Department, I at once made a reference to the Special Deputy regarding the lands required for the extension of the branch line from Canjeveram to Chingleput Junction, and informed the Consulting Engineer, on the 10th April last, that I should be able to make over such lands in two months from the date of their being lock-spitted and the schedules and tracings being handed over to me. I have received no reply as yet, owing, I presume, to delay in sanctioning the line by the Secretary of State; but this work still remains to be done at some time hereafter.

Sir,

In forwarding the enclosed extract from a letter just received from Special Deputy Collector Venkatesh, an interesting paragraph is included, viz. (October last, No. 1006) I have the honor to request, under the circumstances stated that his services may be continued in the District until the

30th of April 1875. The Deputy Collector only asks for four months from the present date or up to 31st March next, but I think it safer to apply for one year in case of unforeseen work arising.

2. It is to be regretted that the Deputy Collector should have underestimated the extent of his work, but our wants are as much exacting to complete the same as soon as possible, and the delay is in no way attributable. I am convinced to want of energy on his part.

3. Vaccination has commenced in a systematic manner, but as he is away at Chingapat, and the year drawing to a close, I deem it advisable to make the reference at once.

4. I take the opportunity of mentioning

mentioning that, on receipt of G.O. dated 16th March 1875, from the Public Works Department, I at once made a reference to the Special Deputy, regarding the lands required for the extension branch line from Longvaram to Chingapat junction, and informed the Consulting Engineer, on the 10th April last, that I should be able to make over such lands in two months from the date of their being lockpitted, and the schedule and tracings being handed over to me. I have received no reply as yet, owing I presume to delay in sanctioning the line by the Secretary of the Govt. but this work still remains to be done at some time hereafter.
