on Not to be folded or roughly handled

No. 501. Read the following endorsement of the Revenue Department, dated Fort St. George, 6th March 1874 :—

Proceedings of the Board of Revenue, dated 3rd March 1874.

READ Proceedings of the Madras Government, Revenue Department, dated 12th December 1873, No. 1,402, recording Proceedings of the Board of Revenue, submitting a list of Public Buildings required in Kistna District with remark that it is presumed that the Board will in due course make a selection of buildings most urgently required in all the districts, and submit a list for entry in the Budget for 1874-75.

A list of the works in the several districts, entered in the order in which it is desired that they should be constructed, will be submitted to Government. The Collectors have not given the estimated cost of each work, but the Board hope that it will be possible for Government, in the Public Works Department, to roughly estimate the amounts required and provide in the Budget of 1874-75 for as many works as possible in the order in which they are entered in the list.

2. Mr. Bliss, while acting as Collector of Madura, proposed to transfer the head-quarters of the Head-Assistant from Ramnad to Manamadura, and to build an office for him at the latter station. Mr. McQuhae will be requested to favour the Board with his opinion in regard to the proposed transfer.

3. The Collectors of Tanjore and South Canara have not as yet furnished the Returns of Public Buildings required in their districts, called for in the Board's Proceedings, dated 25th June 1873, No. 1,106. They are requested to do so as soon as possible.

4. The Collector of Chingleput and the Commissioner of the Neilgherries report that no public buildings are required in their districts, and hence the districts are omitted in the accompanying list.
