*Proceedings of the Madras Government, Revenue Department,
9th February 1874.*

No. 47. Read the following Proceedings of the Madras Government in the Public Works Department, dated 22nd January 1874, No. 141:—

Read the following letters:—

From J. W. RUNDALL, Esq., District Engineer of Tinnevely, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Kattar, 16th December 1873, No. 146.

With reference to G. O., No. 214, of the 28th November 1873, desiring me to report if any satisfactory arrangements have been made for obtaining supplies of timber from the Forest Department, I have the honour to state that, as a rule, the scantlings of the wood in the forest depôts in this district are not suited for use by us.

2. I went over to the depôt at Vasadevanallur with Mr. Hayne, the Deputy-Conservator, in September last, specially with reference to getting timber for the centerings for the Sattur bridge, but the whole stock consisted of logs of very short lengths, but few logs being more than ten or eleven feet long. Mr. Hayne promised to get a portion of the timber required for this work, but informed me that he would be unable to supply me with the tie-beams, straining beams, and logging planks; the two former being twenty-five and eighteen feet long respectively.

3. The wood for the roof of the Ambasamudram catcherry was bought from contractors who procured it from Travancore.

From Lieutenant-Colonel R. A. ROBERTS, R.E., District Engineer, Madura, to Colonel G. W. WALKER, R.E., Secretary to Government, Department Public Works, dated Chinnamanoor, 13th January 1874, No. 4,209.

ADVERTING to G. O., No. 214, dated 28th November 1873, I have the honour to report as follows:—

(1.) The Executive Engineer, Madura Range, in submitting the enclosed statement of timber purchased from the Forest Department, informs me that no arrangement has been made with the Forest Department for obtaining their timber, as proper seasoned timber cannot always be obtained from them.

(2.) The Executive Engineer, Dindigul Range, in his letter, No. 545, dated 12th December 1873, reports that no timber has been obtained from the Forest Department up to date, and that he intends writing to the Conservator of Forests to supply him with the specimens of timber available at different places, with the rates, etc., and, if found cheaper, he shall arrange to receive the supply from that department in future.

*Proceedings of the Madras Government, Revenue Department,
9th February 1874.*

(3.) The Executive Engineer on Special Duty in his letter, No. 613, dated 17th December 1873, states that he has made the following arrangements with Mr. Williams regarding the teak required for the Goodaloor ghaut bridges.

(a.)	Seigniorage for teak per bandy-load of 24 cubic feet	Rs. A. P.
	of worked timber (i.e., squared)	8 0 0
(b.)	Do. do. of rough	6 0 0
(c.)	Cost of bark of Goodaloor ghaut per cubic foot	1 4 0

Lieutenant Greer, R.E., further states that he is at work at present on logs containing altogether about 400 cubic feet; but he does not intend to pay for them until he gets sufficient ready for all the ghaut bridges, which will be about the middle of this month.

(4.) The Supervisor in charge of Zemindari Sub-division reports that the three works noted in the margin are in progress under contract. The Supervisor further reports that contractors finding at Jaffna, which is close to them, a cheap market for good timber, have purchased the required quantity at that place; and that he has not applied to the Forest Department for timber, as no building is being carried out by him departmentally.

Enclosure No. 1.

List of Timber purchased from the Forest Department for the use of Town Works in Madura.

Secretary of Government

With reference to G. O. No 214 of
the 28th November 1870, desiring me to
report if any satisfactory arrangements
have been made for obtaining supplies
of timber from the Forest Department,
I have the honor to state that as a rule
the scantlings of the wood in the Forest
Depots in this District are not suited
for use by us.

2. I went over to the depot at Tessa-
devenallan with Mr. Haynes the Deputy
Conservator in September last, specially
with reference to getting timber for the
centenings for the Tatter Bridge, but
the whole stock consisted of logs of
very short lengths, but few ^{logs} being more
than 10 or 11 feet long. Mr. Haynes
promised to get a portion of the tim-
ber required for this work, but informed

me that he would be unable to supply
us with the 12 beams straining beams
and logging planks, the two former
being 25 & 18 long respectively.

3. The wood for the roof of the
Ambasaniadrum Cachin was bought
from Contractors who procured it
from Siarancore.

Have the honor to be
Sir

Your most Obedt. Servant.

No. 4209

On Circuit. Chinnamanoor

13th January 1874
Recd 16th Do

From

Lieut. Col. R. A. Roberts M.
District Engineer, Madurai

To

Col. J. W. Walker R.E.
Secretary to Government
D. O. W.

Sir,

Adverting to G. O. No. 214,
dated 28th November 1873, I have
the honor to report as follows:-

1st The Executive Engineer
Madurai Range, in submitting
the enclosed statement of timber
purchased from the Forest De-
partment, informs me that
no arrangement has been made
with the Forest Department
for obtaining their timber as
proper seasoned timbers cannot
always be obtained from them.

2nd The Executive Engineer
Dindigul Range in his letter

Enclosure 1.
Statement of
Timber.

P. M. 1873 Madurai

For the signature of
Lieut. Col. R. A. Roberts

For the Secretary to Govt.
D. O. W.

Recd 20th Dec 1873

For No. 215/74

Reports that the
timber available
in the Forest Dept.
of the District is not
sufficient for use by
the District.

1873-74-75
Dec 13. 1873

No. 545 dated 12th December 1873 reports
 that no timber has been obtained
 from the Forest Department up
 to date, and that he intends
 writing to the Conservator of
 Forests to supply him with the
 specimens of timber available at
 different places, with the rates, &c.,
 and if found cheaper he shall
 arrange to receive the supply from
 that Department in future.

3rd The Executive Engineer on
 Special Duty in his letter No. 613,
 dated 17th December 1873, states that
 he has made the following
 arrangements with Mr. Williams
 regarding the teak he required
 for the Goodaloor Ghaat Bridges.

a. Seigniorage for teak per banded
 load of 24 cubic feet of worked
 timber (i.e. squared) Rs 8-0-0.

b. D. D. of rough b. a.

c. Cost of teak at
 Burnham Depot per 6 feet 1-4-0.

= Lieut. Greer R.E. further
 states that he is at work at
 present

present on logs containing alto-
 gether about 400 cubic feet, but
 he does not intend to pay for
 them until he gets sufficient ready
 for all the Ghaat Bridges, which
 will be about the middle of
 this month.

4th The Supervisor in charge
 of geminary sub Divisions reports
 that the 3 works noted in the
 margin are in progress under con-

1. Conco: Subsidiary
 Jail & Sub Magistrate's
 Butchery at
 Pirochoodly.
 2. D. D. of D. at
 Moodosolathoor
 3. converting old
 Jail into a
 Dispensary at
 Pannad.

The Supervisor further reports
 that contractors finding at
 Gaffana, which is close to them,
 a cheap market for good timber,
 have purchased the required
 quantity at that place, and that
 he has not applied to the Forest
 Department for timber, as no
 building is being carried out by
 him Departmentally.

I have the honor to

Sir
 Yours most obedt.
