No. 90. Read the following Proceedings of the Board of Revenue, dated 2nd February 1874, Miscellaneous No. 644:—

Read the following:—

Statement of Remuneration in Land or otherwise proposed to be given to Inamdar in lieu of their Inams which have become unprofitable from Causes beyond the Inamdar's control in the District of Bellary.

[illegible]

REMARKS.—The extent of land shown in column 8 was submerged by a tank constructed by the Revenue Authorities. This land, and paid for some time the jodi on their Inams, and afterwards allowed them to enjoy some waste land. Some time previous to fasli 1267 Talari Inam, No. 60, was resumed and incorporated with Government aysat, and it is now in the holding of one Chennaya. The ruined tank was made over to the present Reddi in fasli 1275. The Talari now request the grant of the land under the tank in lieu of their resumed Inam, No. 60, or the remission of the whole jodi payable by them. The holders of the land under the tank and of that resumed request to give it back, and the only alternative left is to remit the jodi. But how much to remit is the question. If jodi be calculated on the assessment of the land lost in proportion to the whole, it will not amount to half a rupee. The full assessment on the number, viz., Rs. 8, has been recommended to be written off permanently, as two Talari's tender service to Government every year. They have each a remuneration of Rs. 16 and odd, including Inam and Mera fees. This is really very little, and, therefore, a sum equal to the assessment of the land lost has been recommended to be deducted from the whole jodi. This leaves Rs. 5-12-0 as the future jodi to be payable by them.

SUBMITTED for the orders of Government.

2. Under the circumstances stated, the Board resolve to recommend that the reduction of quit-rent proposed from Rs. 8-12-0 to Rs. 5-12-0 be sanctioned.

No. 91. ORDER THEREON, 12th February 1874, No. 183.

Land Revenue, No. 2.

As it appears that land, assessed at Rs. 3-8-0, forming portion of a Village Service Inam (Talari) has, from some error on the part of the district authorities in former years, been given out on putta to ryots, it is clear that the assessment paid under these puttass must be given to the Inamdar; and this will be done, as proposed, by an equivalent remission in their present jodi.

to the present Reddi in Aug. 1875. The Salaries now request the grant of the land under the tank in lieu of their resumed Inam
Rs 60 or the remission of the whole Jodi payable by them. The holders of the land under ^{the} tank and of that resumed, refused
to give it back, and the only alternative left is to remit the Jodi. But how much to remit, is the question. If Jodi be calculated
on the assessment of the land lost in proportion to the whole, it will not amount to Rs 100 per year. The full assessment on the
number viz R^{No}. 9 has been recommended to be written off permanently, as two Salaries render service to Government every year.
They have each a remuneration of R^{No}. 16 and odd, including Inam, and Mera fees. This is really very little, and therefore
as seems equal to the assessment of the land lost has been recommended to be finally deducted from the
whole Jodi. His leaves R^{No}. 5-12 - as the future Jodi to be payable by them.
