constructing a Subsidiary Jail and out-houses at the Salur Sub-Magistrate's Cutcherry, and to request you will be so good as to obtain the sanction of Government for the same at your early convenience.

2. The papers in question were originally forwarded to the Inspecting

Engineer for Buildings with this office letter, No. 1535, of 13th November 1873, (copy of which is enclosed for your information) but they were returned to this office in a wrapper, dated 2nd June 1874, copy of which is herewith submitted.

From Major J. BEATTY, R.E., District Engineer, Vizagapatam, to the Inspecting Engineer for Civil and Military Buildings, dated Waltair, 13th November 1873, No. 1535.

I have the honor to return* herewith the plan and estimate of additional buildings proposed

* Your letter, No. 1206, of 26th September, despatched at the Salur Cutcherry.

1 General Abstract.

2. The compound wall is now provided for separately in the estimate; the quantity of masonry, &c., for it had previously been included with those required for other items.

3. Under G.O., No. 2367, of 25th September 1873, Hospital sheds are not to be provided at Sub-Jails; the one estimated for has therefore now been omitted. The front of the cook-room has been partially enclosed as you directed.

4. At the new Sub-Magistrate's Cutcherries of this District (of which five or more have been erected of late years) neither public latrines nor ryots' sheds have been provided. In these Zemindary Taluqs the sheds are considered unnecessary, and public latrines have never been asked for. The Executive Engineer has, however, now estimated for a latrine of the old pattern, which will probably be sufficient.

5. The estimate of the well has been revised with a view to the new method of sinking being adopted in its construction.

6. I may mention that the delay in the resubmission of these and other papers is due* to my being provided with only one Draughtsman.

* Your reminder, No. 1395, of 3rd November 1873, despatched 4th, and received this day.

who has not only to attend the ordinary work of this office, but to prepare many plans and estimates for the Executive Engineer in charge of Jaypore Ghaut Range, and the Assistant Engineer of the Gelugondah Range, neither of whom are provided with Draughtsmen.

Referred to the Judicial Department for decision of the question as to whether a ryot's shed should be provided. If included the estimate will be increased by Rupees 245.
