*Proceedings of the Madras Government, Revenue Department,
21st February 1874.*

No. 186. Read the following Extract from the Proceedings of the Government of India, in the Department of Agriculture, Revenue, and Commerce, (Agriculture and Horticulture,) dated Calcutta, 26th December 1873, No. 681:—

READ—

A report on the "Production of Tobacco in India," by Mr. J. E. O'Connor, Registrar, Department of Agriculture, Revenue, and Commerce.

RESOLUTION.—This is the second of the series of monographs on the more important products of India, which it was proposed to compile in the Department of Revenue, Agriculture, and Commerce.

2. The thanks of the Government of India are due to Mr. O'Connor for the compilation of this creditable report, which has been perused by His Excellency the Governor-General in Council with interest. The work, both as regards matter and arrangement, is in most respects a model of what such reports should be.

3. Copies of the report will be distributed to all local Governments and Administrations, who will be requested to favour the Government of India, at their early convenience, with their opinion on the measures discussed therein, and especially in Chapter XIV., Part II. His Excellency in Council desires to know whether they would recommend, with reference to the state of tobacco-culture and the prospects of its improvement in each province, the importation of a skilled tobacco-grower and curer from Manilla or elsewhere to instruct the native agriculturists, and supervise, under the direction of Government, the introduction of a better system of cultivating, and more especially of curing, than at present obtains. His Excellency in Council will also be glad to be favoured with any other suggestions which the local authorities may have to offer on the subject.

ORDER.—Ordered that copies of the report, together with copies of this Resolution, be sent to the local Governments and Administrations noted in the margin; and that copy of the Resolution be forwarded to Mr. J. E. O'Connor for information.
