I HUMBLY beg to report that I am informed by the Taluq Sheristadar that a shock of earth-quake was felt at Ongole, yesterday (31st January), at 3 P.M.

It lasted for two or three seconds. Sheristadar informs that it came from north-east and extended towards south-east; but the Police Inspector assures me that it came from west and extended towards sea. There was no change, it appears, in the atmosphere either before or after the shock was felt.
