Proceedings of the Madras Government, Revenue Department,
4th March 1874.

No. 57. Read the following letter from C. J. LYALL, Esq., Under-Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce, (Surveys,) to D. F. CARMICHAEL, Esq., Secretary to the Government of Madras, dated Calcutta, 29th January 1874, No. 61:—

I AM directed to acknowledge receipt of your letter, No. 68, of the 16th instant, transmitting a statement showing the present position of mapping work in the Office of the Superintendent of Revenue Surveys, Madras.

2. With reference to the District Maps, of which eight* appear to have been completed, I am directed to inquire whether they are complete and final, having all Zemindari lands included in them; and, further, whether they have ever been lithographed or printed, or reduced to the scale ($\frac{1}{4}$ inch to the mile) which would render them available for insertion in the Atlas of India. I am, also, to request that, with the permission of His Excellency the Governor, the Government of India may be favoured with a revised list containing information on the points above indicated in regard to each map shown therein, together with the reports referred to in the 2nd paragraph of the communication under reply.

3. I am to add that the Government of India will be glad to be supplied with a copy of all maps published of portions of country not smaller than whole districts, or, say, 1,000 square miles, and that another copy of each map might, with the permission of the Governor in Council, with advantage be supplied to the Surveyor-General's Office.

No. 58. ORDER THEREON, 4th March 1874, No. 305.

Miscellaneous.

THE statement referred to in the foregoing letter is not that forwarded by the Superintendent of Revenue Survey with his letter of the 13th December 1873, No. 3,130-109, but that which accompanied his letter of the 12th June 1873, No. 1,333-40, and it was despatched to the Government of India by mistake.

2. As, however, much of the information now asked for is not included in either, Colonel Priestley will be good enough to furnish it complete in a revised statement.

3. The wishes expressed by the Government of India, in paragraph 3 of their letter, should be borne in mind and be duly conformed to.
