Dated 9.1.1874 18

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
9th January 1874.*

No. 63. Read the following letter from E. JAMES, Esq., for Chief Secretary to the Government of Bombay, General Department, to the Hon. W. HUDLESTON, Chief Secretary to the Government of Madras, Public Department, dated Bombay Castle, 17th December 1873, No. 4,205.

It will probably be in the recollection of the Government of Madras that an experiment for the cultivation of Cinchona in this Presidency was made some years ago—*Vide* correspondence commencing with this office letter to your address, No. 625, dated 24th April 1863.

2. In that year a plantation was established at Lingmala near Mahabaleshwar, and has been kept up ever since at an annual outlay of about Rs. 6,000.

3. His Excellency the Governor in Council, however, entertains some doubt as to whether the plantation is worth the expenditure bestowed on it, but has no professional person able to give an opinion.

4. I am therefore directed to request that His Excellency the Governor of Madras in Council will be so obliging as to lend the services of some competent officer to proceed to Mahabaleshwar, and forward his opinion to this Government as to the present condition of the plantation, and the advisability or otherwise of keeping it up and improving its water supply, which is at present defective in the hot season.

No. 64. ORDER THEREON, 9th January 1874, No. 34.

Miscellaneous.

Mr. McIvor will be requested to state if it will be convenient to him, with reference to his present duties, to undertake this journey for the purposes stated; and if so, when he will start for Mahabaleshwar.
