G.O. No. / B.P. No.	374	Press / Mis.
Dated 23. 3. 1874		196 .

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
23rd March 1874.

No. 201. Read the following Proceedings of the Board of Revenue, dated 16th March 1874, No. 603:—

Read the following letter from W. A. HAPPELL, Esq., Acting Sub-Collector in charge, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Tinnevelly, 6th March 1874, No. 153.

In reply to Proceedings of the Board, dated 24th ultimo, I have the honour to report that the recent fall of rain has had little or no beneficial effect on the crops under rain-fed tanks, except in Tenkarei Taluq, where all crops are late, and, it is now believed, all will be saved.

2. The outturn of channel-irrigated lands is much better than was at first estimated, but much had withered before the rain fell. The manner in which remissions will be affected is shown as accurately as possible in the accompanying statement.

3. The sowing of the later dry crops, especially gingely oil-seed, has not yet been completed, and until it has I think it would be premature to remit the whole 50 per cent. dry crop remission which has been sanctioned.

4. The figures given for Sankaranainarkovil Taluq were arrived at before rain fell, and the actual remission of wet assessment will probably be about Rupees 7,000 less than the present estimate.

5. Prices are still Rs. 7-4-0 to Rs. 7-8-0 per cottah, and show no tendency to rise. The harvest is progressing, and there will probably be a fall in prices when the new grain comes to market.

Enclosure No. 1.

Statement showing the amount of remissions estimated to be made in each taluq.

Submitted for the information of Government, with reference to Government Order, 27th February 1874, No. 276.

2. On the 1st February Mr. Puckle estimated that remissions would have to be given to the amount of Rs. 4,00,000. The estimate is now Rs. 3,56,000.

No. 202. Order thereon, 23rd March 1874, No. 374.

Miscellaneous.

PROCEEDINGS OF THE BOARD OF REVENUE,

Dated 1st March 1874.

Read the following

No 153

From The Ag Dist Collector in charge

To J. Grose Esqr,
Secretary to the Board of Revenue
Madras

Sir,

In reply to Proceedings of the Board
of 1874 dated 24th Ultimo I have the honor to
No 285 report that the recent fall of rain has
had little or no beneficial effect on
the crops under rain-fed tanks except
in Tenkarai Taluq, where all crops
are late and it is now believed all
will be saved.

2. The outturn of channel irri-
-gated lands is much better than was
at first estimated, but much had
withered

withered before the rains fell. The manner in which remissions will be affected is shewn as accurately as possible, in the accompanying statement.

3. The sowing of the Cater dry crops especially gingely oil seed, has not yet been completed, and until it has, I think it would be premature to remit the whole 50 per cent dry crop remission, which has been sanctioned.

4. The figures given for Sankaranainarkoil Taluq were arrived at before rain fell, and the actual remission of wet assessment will probably be about Rupees 7,000 less than the present estimate.

Prices.

5. Prices are still Rs 7-4- to Rs 7-8- per Cottah and show no tendency to rise. The harvest is progressing, and there will probably be a fall in prices, when the new grain comes to market.

I have &c.

Tinnevelly
5th March 1874.

(Signed) W.A. Kappell
Ag Sub-Collector in charge

Submitted for the information of Government with reference to Government Order 27th February 1874 No 276.

On the 1st February Mr Puckle estimated that remissions would have to be given to the amount of Rs 4,00,000. The estimate is now Rs 3,56,000 -
