Dated	31-3-	1874 196 .

Not to be folded or roughly handled

31st March 1874

No. 251. Read the following Proceedings of the Board of Revenue, dated 19th March 1874, No. 635:—

Read the following letter from R. W. BARLOW, Esq., Collector of Chingleput District, to J. GROSS, Secretary to the Board, Kakalore, 16th March 1874, No. 86:—

IN acknowledging, with thanks, Proceedings of the Board, dated 24th ultimo, authorizing the grant of certain special remissions in this district, I have the honour, with reference to paragraph 3, to report that no remission will, I consider, be necessary under the Red Hills, Chembrambakam, or Sholaveram tanks.

2. As regards paragraph 2, I forward a statement showing the tracts in Conjeveram and parts of Madurantakam Taluqs, in which the Sub-Collector proposes to grant percentage remission for punjah cultivated, and the rates for the same. He does not propose to grant such remission in the Chingleput Taluq, nor do I in the principal division, except in special cases of extreme hardship, which I will report on separately when necessary.

3. According to the latest accounts now before the Sub-Collector, it appears that the dry cultivation in the Conjeveram Taluq and in the portions of Madurantakam abutting on North Arcot, where percentage remissions for short crop seem necessary is only about 8 and 10 per cent., respectively, below that of the preceding year, and it is evident, therefore, that the ryots there have suffered more than elsewhere from the same cause. The same is the case as to the dry cultivation applies to Ponneri, but there the ratio of punjah to nunjah is smaller, and the circumstances of the taluq are otherwise more favourable.

Proceedings of the Board of Revenue
Dated 19th March 1874, No. 635

Read the following:-
No. 86.

From

R. W. Barlow Esquire
Collector of the
Chingleput District.

J. Grose Esquire
Secretary to the Board of Revenue
Madras.

Sir,

In acknowledging with thanks,
Proceedings of the Board, dated 24th
 ultimo, authorizing the grant of certain
 special permissions in this District, I
 have the honor, with reference to para 3,
 to report that no permissions will, I
 consider,

Enclosure in Pro-

-ceedings of the Board

of Revenue to the Dy

Secretary to Government

Revenue Department

Dated 19th March 1874.

Per: 939/74

Per 931 March/74
in B.A. 252

consider, be necessary under the Red Hills, Chembraikam or Sholavaram tanks.

2. As regards para 2, I forward a Statement showing the tracts in Cojeveram and parts of Madurantakam Taluqs, in which the Sub-Collector proposes to grant percentage permission for Paddy cultivated, and the rates for the same. He does not propose to grant such permission in the Chingleput Taluq; nor do I in the Principal Division, except in Special cases of extreme hardship, which I will report on separately, when necessary.

3. According to the latest accounts now before the Sub-Collector, it appears

appears that the dry cultivation in the Cojeveram Taluq and in the portions of Madurantakam shuttling over North Arcot, where percentage permission for short crop seem necessary, - is only about 8 and 10 per cent respectively below that of the preceding year, and it is evident therefore that the crops there have suffered more than elsewhere from the bad season. The same remark as to percentage of dry cultivation applies to Ponnuri, but there the ratio of Paddy to Kanyah is smaller and the circumstances of the Taluq are otherwise more favourable.
