Proceedings of the Madras Government, Revenue Department,
31st March 1874.

No. 256. Read the following letter from the Rev. EDMUND JERMYN, Secretary, M. D. C. S. P. G. F. P., to C. G. MASTER, Esq., Acting Secretary to Government, Revenue Department, Fort St. George, dated Madras, 21st March 1874, No. 519:—

I AM directed by the Madras Diocesan Committee of the Society for the propagation of the Gospel to apply to Government for permission to sell certain property in the neighbourhood of Tanjore, known as the Sadeyengal land, which the Society holds in trust for the benefit of the Tanjore Mission, and to invest the proceeds in Government securities.

2. Such a transfer is made desirable by the fact that, as proprietors of this land, the Society and its Missionary at Tanjore, by whom the rents are collected and payments made, are placed in the position of exacting land-lords, and the Missionary in question is obliged to mix himself up in business transactions which are not only annoying to himself but are also productive of much ill-feeling towards the Mission on the part of others. These Sadeyengal lands were themselves substituted for another estate, and there seems to be, therefore, no reason why, with the sanction of Government, a further substitution should not be made which would have the effect of obviating the above-mentioned difficulties.

3. The Collector of Tanjore has expressed his readiness to give any further information which may be required by Government.

Sir,

I am directed by the Madras Diocesan Committee of the Society for the propagation of the Gospel to apply to Government for permission to sell certain property in the neighbourhood of Tanjore known as the Sadeyengal land, which the Society holds in trust for the benefit of the Tanjore Mission, and to invest the proceeds in Government Securities.

Such a transfer is made desirable by the fact that, as proprietors of this land, the Society, and its Missionary at Tanjore by whom the rents are collected and payments made, are placed in the position of exacting landlords, and the Missionary in question is obliged to mix himself up in business transactions, which are not only annoying to himself but are also productive of much ill-feeling towards the Mission on the part of others. These Sadeyengal lands were themselves substituted for another

another estate, and there seems to be,
therefore no reason why, with the
sanction of Government, a further
substitution should not be made
which would have the effect of
obviating the above mentioned diffi-
culties.

The Collector of Tanjore has
requested his presidency to give any
further information which may be
required by Government.

I have the honor to remain,

Sir,

Your Obedient Servant
