Proceedings of the Madras Government, Revenue Department,

11th April 1874.

No. 65. Read the following Proceedings of the Board of Revenue, dated 1st April 1874, No. 767:—

Read the following Proceedings of the Madras Government, dated 31st March 1874, No. 401, Revenue Department:—

ABSTRACT.—Requesting Board to consider and report what measures should be carried out in view of the possible contingency of a failure in the April rain in Madura District.

In their Proceedings of this date, reviewing the Collector's report on the Melur Taluq, the Board have advocated the provision of certain kinds of work and arrangements for paying labourers daily.

2. The same measures will be necessary, though possibly on a larger scale, if the April rain fails altogether in Tirumungalam. The Collector should take care that works that will give sufficient employment are selected and rough estimates prepared, and apply for sanction directly the necessity for the works arises. He may rely on approval if he finds it expedient to commence ordinary work, such as clearing away prickly-pear or cleaning tanks in anticipation of sanction.

3. It may be necessary, though the Board doubt it, to set up Relief-houses, and the sites should be determined beforehand.

4. The Collector will for the present send weekly reports on the state of the season, referring particularly to the price of grain in the worst parts of the district, the rain-fall and the supplies of drinking water and pasturage.

No. 66. ORDER THEREON, 11th April 1874, No. 435.

Miscellaneous.

THE directions of the Board are sufficient.

(True Extract.)

(Signed) C. G. MASTER,
Acting Secretary to Government.

To the Board of Revenue.
