Dated	11 - 4 -	~~196~~ 1874.

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
11th April 1874.

No. 69. Read the following Proceedings of the Board of Revenue, dated 16th March 1874, No. 595 :—

Read the following letter from R. K. PUCKLE, Esq., Collector of Tinnevelly, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Trichendoor, 10th January 1874, No. 21 :—

I HAVE the honour to report on the progress made in the settlement of this district during November 1873.

2. The accounts of eight villages of the Tenkasi Taluq, east of the Uttumalei Zemindari, and of the two villages to the west of that Zemindari, excluded from last month's report, were worked up with the following results. This completes the Tenkasi Taluq, with the exception of three large villages transferred from Ambasamudram which are now in course of completion :—

3. *Village Boundaries.*—The ten villages now reported on are formed by the sub-division of eight old villages as under —

Names of Settlement Villages.	Particulars as per Jammabandi of Fasli 1282.				Remarks.
	Names of Jammabandi Villages.	Portion merged.	Cultivated Area of Government Lands.	Assessment.	
			ACRES.	RS.	
1. Avadaynur	... Kulasekarapatti	Part ...	1,670	1,896	
2. Tippanampatti ...	1. Tippanampatti	All ...	3,070	5,690	
	2. Sennattapudukulam	Do. ...	308	532	A petty village adjoining Tippanampatti.
			3,378	6,222	
3. Palankulam	Kilapavur	Part ...	3,179	2,622	An outlying block forming the new village of Palankulam.
4. Vadakarai Melpidagei.	3. Vadakarai	Do. ...	931	4,845	An outlying block forming the new village of Vadakarai Melpidagei.
5. Vadakarai Kilpidagei	Do.	Do. ...	3,396	10,061	
	4. Kristna Tevanpalli	All ...	61	714	An uninhabited village adjoining Vadakarai Kilpidagei.
	Neduvayal	Part ...	7	50	A fragment of a village interspersed in the fields of Vadakarai Kilpidagei.
			3,464	10,825	
6. Andipatti	Narasinganallur...	Do. ...	1,272	815	
7. Nettur	5. Nettur	All ...	950	3,940	
8. Mayamankurichi...	6. Mayamankurichi	Do. ...	2,696	2,912	
9. Aiyanarkulam ...	7. Aiyanarkulam	Do. ...	578	463	
10. Kulasekarapatti ...	8 Kulasekarapatti	Part ...	3,299	3,514	

4. *Grouping of Villages.*—These villages have been classed in the third group, as they are irrigated from minor rivers or from the lower anicuts of the Sittar.

5. *Classification of Soils.*—The soil is mostly red loam.

River-irrigated Lands.—The following table exhibits the classification of the river-irrigated lands, of which about one-third are black loam :—

Classification.		Area in Acres.
Class.	Sort.	
4	1	29
4	2	275
4	3	534
4	4	170
7	1	35
7	2	593
7	3	915
7	4	593
7	5	7
	Total...	3,156

6. *Second Crop.*—The second crop charge has been consolidated on 2,110 acres of the 3,156 acres settled.

The assessment on the river-irrigated lands is as under :—

Rate per Acre.	Area.	Assessment. For a first Crop.	Assessment. For a second Crop.	Total	Average Assessment on the Lands per Acre.
Rs. A. P.	Acres.	Rs.	Rs.	Rs.	Rs. A. P.
9 0 0	29	261	.....	.....	.....
7 8 0	310	2,325	.....	.....	.....
6 0 0	1,127	6,762	.....	.....	.....
4 8 0	1,085	4,883	.....	.....	.....
3 8 0	598	2,093	.....	.....	.....
3 0 0	7	20	.....	.....	.....
	3,156	16,344	3,146	19,490	6 3 0

The average of five years' assessment of the river-irrigated lands is, deducting remission, Rupees 20,747 ; by settlement it is Rupees 19,490 ; net reduction by settlement Rupees 1,257.

7. *Rain-fed Tanks.*—There are fourteen rain-fed tanks in this tract ; these have been assessed as under :—

Classification.		Area.	Assessment.	Average Charge on the rain-fed per Acre.
Class.	Sort.			
		Acres.	Rs.	Rs. A. P.
7	4	184	671	.....
7	5	32	122	.....
		216	793	3 11 0

The second crop has been compounded for at quarter of the first crop assessment under seven of these tanks, on the understanding that there will be no remission for failure of crop hereafter.

The average of five years' assessment of the rain-fed tanks is, deducting remissions, Rupees 1,064 ; by settlement it is Rupees 793 ; net reduction by settlement Rupees 271.

8. *Lands supplied by Baling.*—High level lands supplied by baling from channels, tanks or rivers, have been assessed at half the rate assigned to the block in which they are situated ; the area thus rated is 23 acres, assessed at 56 Rupees.

9. *Garden Lands.*—578 acres are supplied by lift from Government wells, and these have been assessed at 3¼ and 2½ Rupees an acre.

10. *Ordinary dry Lands.*—The uplands have been classed at rates varying from 1 Rupee to 4 Annas an acre, but the lands intermixed with the irrigation have been assessed in the class and sort assigned to the block in which they are situated :—

Classification.		Taram.	Rate per Acre.	Area.	Assessment.	Average per Acre.
Class.	Sort.					
			Rs. A. P.	Acres.	Rs.	Rs. A. P.
4	2	4	1 8 0	31	46	.....
4	3	5	1 0 0	7	7	.....
4	4	6	0 12 0	6	5	.....
7	1	4	1 8 0	457	686	.....
7	2	5	1 0 0	2,365	2,366	.....
7	3	6	0 12 0	1,752	1,406	.....
8	2	6	0 12 0	8,071	6,060	.....
8	3	7	0 8 0	795	398	.....
8	4	8	0 6 0	4,473	1,687	.....
8	5	9	0 4 0	543	136	.....
				18,500	12,797	0 11 0

The average of five years' assessment of the ordinary dry lands is, deducting remission, Rupees 11,443 ; by settlement it is Rupees 12,797 ; increase by settlement Rupees 1,354.

11. *Palmyras.*—The charge on palmyras in the cultivated fields has, for the most part, been consolidated for a sum total of Rupees 3,367 ; this is the charge for palmyras only, and is over and above the taram assessment of the fields that the palmyras stand on. The fixed charge on the trees in each field includes the growing seedlings, and has raised the assessment on the trees of these villages by Rupees 470 per annum.

12. *Pasturage.*—About 150 acres of putta lands, assessed at 59 Rupees, and 500 acres of hill side have been set aside as pasturage ; there is hardly any waste land in these villages.

13. *Building-sites.*—About 5 acres, assessed at Rupees 6, have been added to the village building-sites, where these were insufficient, and no puttas have been issued for any land or trees in the building-sites.

14. *Division of common Lands.*—The lands held in common have been divided, except in two villages, and, with these exceptions, the sharing system has now entirely ceased in this taluq.

15. *Transfer of Puttas.*—450 puttas were transferred with the consent of the parties concerned during the final settlement ; but this does not represent a twentieth part of the total number that have been transferred of late, as I have had hands at work transferring puttas for the last two years ; this very important item of settlement is now thoroughly completed in this taluq.

16. *Results of the Settlement.*—The average total of the land assessment of these villages for the last five years is, deducting remissions for waste and withered crops, Chaturbagam, Stallamkaval, and Varariyayet, Rupees 34,863. The land assessment now fixed by settlement is Rupees 34,898. There is, therefore, a net increase of Rupees 35.

17. I enclose a map showing the manner in which these villages have been laid out for settlement.

ENCLOSURE No. 1.—Statement showing area and assessment for five faslis of the villages in the Tenkasi Taluq.

ENCLOSURE No. 2.—Map.

SUBMITTED for the information of Government.

2. The report on the progress made during December, which is now before the Board, will be reviewed in detail.

No. 70. ORDER THEREON, 11th April 1874, No. 437.

4. *Grouping of Villages.*—[illegible] villages have been classed in the third group, as they are irrigated from minor rivers or from the lower anicuts of the Sittar.

5. *Classification of Soils.*—The soil is mostly red loam.

River-irrigated Lands.—The following table exhibits the classification of the river-irrigated lands, of which about one-third are black loam :—

Classification.		Area in Acres.
Class.	Sort.	
4	1	29
4	2	275
4	3	534
4	4	170
7	1	35
7	2	593
7	3	915
7	4	598
7	5	7
	Total...	3,156

6. *Second Crop.*—The second crop charge has been consolidated on 2,110 acres of the 3,156 acres settled.

The assessment on the river-irrigated lands is as under :—

Rate per Acre.	Area.	Assessment.		Total	Average Assessment on the Lands per Acre.
		For a first Crop.	For a second Crop.		
RS. A. P.	ACRES.	RS.	RS.	RS.	RS. A. P.
9 0 0	29	261	.....	.....	.....
7 8 0	310	2,325	.....	.....	.....
6 0 0	1,127	6,762	.....	.....	.....
4 8 0	1,085	4,883	.....	.....	.....
3 8 0	598	2,093	.....	.....	.....
3 0 0	7	20	.....	.....	.....
	3,156	16,344	3,146	19,490	6 3 0

The average of five years' assessment of the river-irrigated lands is, deducting remission, Rupees 20,747 ; by settlement it is Rupees 19,490 ; net reduction by settlement Rupees 1,257.

7. *Rain-fed Tanks.*—There are fourteen rain-fed tanks in this tract ; these have been assessed as under :—

Classification.		Area.	Assessment.	Average Charge on the rain-fed per Acre.
Class.	Sort.			
7	4	ACRES. 184	RS. 671	RS. A. P. .....
7	5	32	122	.....
		216	793	3 11 0

The second crop has been compounded for at quarter of the first crop assessment under seven of these tanks, on the understanding that there will be no remission for failure of crop hereafter.

The average of five years' assessment of the rain-fed tanks is, deducting remissions, Rupees 1,064 ; by settlement it is Rupees 793 ; net reduction by settlement Rupees 271.

8. *Lands supplied by Baling.*—High level lands supplied by baling from channels, tanks, or rivers, have been assessed at half the rate assigned to the block in which they are situated ; the area thus rated is 23 acres, assessed at 56 Rupees.

9. *Garden Lands.*—578 acres are supplied by lift from Government wells, and these have been assessed at 3½ and 2½ Rupees an acre.

10. *Ordinary dry Lands.*—The uplands have been classed at rates varying from 1 Rupee to 4 Annas an acre, but the lands intermixed with the irrigation have been assessed in the class and sort assigned to the block in which they are situated :—

Classification.		Taram.	Rate per Acre.	Area.	Assessment.	Average per Acre.
Class.	Sort.					
			RS. A. P.	ACRES.	RS.	RS. A. P.
4	2	4	1 8 0	31	46	.....
4	3	5	1 0 0	7	7	.....
4	4	6	0 12 0	6	5	.....
7	1	4	1 8 0	457	686	.....
7	2	5	1 0 0	2,365	2,366	.....
7	3	6	0 12 0	1,752	1,406	.....
8	2	6	0 12 0	8,071	6,060	.....
8	3	7	0 8 0	795	398	.....
8	4	8	0 6 0	4,473	1,687	.....
8	5	9	0 4 0	543	136	.....
				18,500	12,797	0 11 0

The average of five years' assessment of the ordinary dry lands is, deducting remission, Rupees 11,443 ; by settlement it is Rupees 12,797 ; increase by settlement Rupees 1,354.

11. *Palmyras.*—The charge on palmyras in the cultivated fields has, for the most part, been consolidated for a sum total of Rupees 3,367 ; this is the charge for palmyras only, and is over and above the taram assessment of the fields that the palmyras stand on. The fixed charge on the trees in each field includes the growing seedlings, and has raised the assessment on the trees of these villages by Rupees 470 per annum.

12. *Pasturage.*—About 150 acres of putta lands, assessed at 59 Rupees, and 500 acres of hill side have been set aside as pasturage ; there is hardly any waste land in these villages.

13. *Building-sites.*—About 5 acres, assessed at Rupees 6, have been added to the village building-sites, where these were insufficient, and no puttas have been issued for any land or trees in the building-sites.

14. *Division of common Lands.*—The lands held in common have been divided, except in two villages, and, with these exceptions, the sharing system has now entirely ceased in this taluq.

15. *Transfer of Puttas.*—450 puttas were transferred with the consent of the parties concerned during the final settlement ; but this does not represent a correct part of the total number that have been transferred of late, as I have had hands at work transferring puttas for the last two years ; this very important item of settlement is now thoroughly completed in this taluq.

16. *Results of the Settlement.*—The average total of the land assessment of these villages for the last five years is, deducting remissions for waste and withered crops, Chaturbagam, Stal-

lamkaval, and Vararîyayet, Rupees 34,863. The land assessment now fixed by settlement is Rupees 34,898. There is, therefore, a net increase of Rupees 35.

17. I enclose a map showing the manner in which these villages have been laid out for settlement.
