*Proceedings of the Madras Government, Revenue Department,
24th April 1874.*

No. 207. Read the following Proceedings of the Board of Revenue, dated 15th April 1874, No. 884 :—

Read the following letter from the Hon. D. ARBUTHNOTT, Collector of Tanjore, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Pattu-cottah, 24th March 1874, No. 73 :—

In G. O., dated 16th instant No. 714, Public Works Department, Government direct me to make the necessary arrangements for the transfer of the lands required for the extension of the Great Southern of India Railway from Tanjore northwards as soon as the Company may be prepared to receive them. This work would, as the Board are no doubt aware, require the exclusive attention of a separate officer for some time, and I am not at present able to spare one for the duty. I have the honour, therefore, to request that the Board will be good enough to recommend Government to depute an additional Deputy Collector for this duty in this District.

*Dated 20th January 1873, No. 14, and 12th February 1873, No. 41, printed in Board's Proceedings, dated 9th April 1873, No. 556.

2. I beg also to remind the Board that the applications* for additional establishment for introducing the Fieldwar assessment in the Mottamfaisal villages in this district has not as yet been disposed of, although the proposal of Major Oakes to survey the district, and to postpone the distribution of the lump assessment over individual fields till it should be completed, has finally been negatived by Government in their Proceedings, dated 19th July 1873, No. 755, Revenue Department. I would suggest that the additional Deputy Collector appointed for doing the Railway work may, as soon as it is completed, be entrusted with the duty of introducing the Fieldwar Assessment.

SUBMITTED for the orders of Government.

2. The Collector reports that he will need a Deputy Collector in connection with the transfer of land for the Railway which is to be extended from Tanjore northwards, and alludes to the application submitted to Government in Board's Proceedings, dated 9th April 1873, No. 556, and not yet disposed of for a Deputy Collector and office establishment to carry out the detailed field assessment in the Mottamfaisal districts.

3. The Board think that a temporary Deputy Collector should be at once placed at the disposal of the Collector of Tanjore, and that he should get to work in the Mottamfaisal villages directly the arrangements for transferring land as far advanced as to give him leisure for doing so. For this duty unusually good qualifications will be necessary.

4. The Collector will report what establishment will be needed by the Deputy Collector whilst he is engaged in arranging for the transfer of land.

*Proceedings of the Madras Government, Revenue Department,
24th April 1874.*

No. 203. ORDER THEREON, 24th April 1874, No. 507.

Miscellaneous

HIS EXCELLENCY the Governor in Council sanctions the appointment of a Deputy-Collector for the special duty referred to in paragraph 1 of the Collector's letter. The work should be carried out with energy.

2. The question referred to in Board's Proceedings, 9th April 1873, No. 556, will be separately disposed of.

BOOK REVIEW

THE

Deutsche Gesellschaft für Energie und Kraftwerke (*Deutsche Energie-Gesellschaft*)—Subsidiary in the amount of 9.99% (which also was reported only with one of the previous years) of a German company for the production and distribution of electricity, founded in 1924, with headquarters in the German Democratic Republic.

so soon as the Company may be
 prepared to receive them. This
 could be done as the Board are
 no doubt aware require the
 exclusive attention of a special
 Officer for counting and exam-
 ining the presentable before me
 for the duty I have the honor
 therefore to request that the Board
 will be good enough to re-
 commend Government to de-
 putee an additional Deputy
 Collector for the district in
 which

I have the honor to be
 Sir,
 The Board have been informed

village in the District has not
 as yet been disposed of, although
 the proposals of Major Oakes to
 survey the District and to put
 from the distribution of the land
 assessment over individual
 fields till it should be completed
 has finally been negatived by
 Government in their Proceedings
 dated 19th July 1878 N. 70 Revenue
 Department. I would suggest
 that the additional Deputy
 Collector appointed for doing the
 Railway work may, as soon as
 it is completed be entrusted
 with the duty of introducing
 the field assessment.

Subordinate for the order
of Government.

The Collector reports that
he will need a Deputy Collector
in connection with the transfer
of lands for the Railway which is
to be made by the Government
Northwards and also that the
information submitted to him
by the Board of Revenue
of the 17th April and 2nd May
of 1871 for a Deputy Collector and office
establishment to manage the
detached field measurement
the matters for the 1st of 1871.

The Board of Revenue
should be at once informed
of the Collector's suggestion
and that he should not think

in the matters for the 1st of 1871
directly the arrangements for trans-
ferring land as so far advanced
as to give him leisure for doing so.
For this duty an unusually good
qualification will be necessary.

The Collector will report
what establishment will be
needed by the Deputy Collector
while he is engaged in ar-
ranging for the transfer of land.
