*Proceedings of the Madras Government, Revenue Department,
4th May 1874.*

No. 57. Read the following letter from the Chief Secretary to the Government of Bombay, to D. F. CARMICHAEL, Esq., Secretary to Government, Revenue Department, Fort St. George, dated Bombay Castle, 24th April 1874, No. 2,103 :—

With reference to the correspondence ending with my letter, No. 6,615, dated the 10th December 1873, I am directed to state that the pattern Salt Weighing-machine therein referred to arrived here in good order, but it appears to be of the description invented by Mr. Grainger, and not the "Platform Salt Weighing-machine," for which application was made in this Government letter, No. 4,470, of the 5th August 1873.

2. The Collector of Salt Revenue at this Presidency does not think that machines of the pattern sent can be utilized with advantage at the salt-works in this Presidency, and I am directed to request that the Government of Madras may be moved to favour this Government by forwarding one of the $4\frac{1}{2}$ feet by $3\frac{1}{2}$ feet Platform Weighing-machines* described

*The machine should be of the full size specified. in the Circular of the Madras Board of Revenue, No. 4,266, dated the 22nd July

1865, which are in ordinary use at the salt golahs on the Malabar Coast.

No. 58. ORDER THEREON, 4th May 1874, No. 546.

Separate Revenue, No. 75
Salt.

COMMUNICATED to the Board of Revenue, with reference to the orders of Government, dated 29th August and 28th November 1873, Nos. 183 and 1,324.

The Board will arrange for the transmission to the Government of Bombay of the Platform Weighing-machine required in paragraph 2 of the above letter.

(True Extract.)

(Signed) C. G. MASTER,
Acting Secretary to Government.

To the Board of Revenue.

Edw. F. R. Bantleman.

No. 2103 of 1874

Revenue Department.

Bombay Castle 24th April 1874.

To,

D. J. Carmichael, Esquire.

Secretary to Government,

Revenue Department.

Fort Saint George.

Sir,

With reference to the correspondence ending with my letter No. 6645, dated the 10th December 1873, I am directed to state that the Pattern Salt Loughing Machine therein referred to arrived here in good order, but it appears to be of the description invented by Mr. Grainger, and not the "Platform Salt Loughing Machine," for which application was made in this Government letter No. 4679 of the 5th August 1873.

2. The Collector of Salt Revenue at this Presidency does not think that machines of the pattern sent can be utilized with advantage at the Salt works in this Presidency,

and

The Commissioner of Salt Revenue

and I am directed to request that the
Government of Madras may be moved to
favor this Government by forwarding one of
the $4\frac{1}{2}$ feet by $3\frac{1}{2}$ feet Platforms weighing
The machine should be machines, described
of the full size specified in the Circular of the
Madras Board of
Revenue No 4266, dated the 22nd July 1865,
which are in ordinary use at the Salt
Golahs on the Malabar Coast.

I have the honor to be,

Sir,

Your Most Obedient Servant.

Yours
For Chief Secy to Govt.
J. B.
