*Proceedings of the Madras Government, Revenue Department,
11th May 1874.*

No. 130. Read the following letter from Major W. TWEEDIE, First Assistant Resident, Hyderabad, to C. G. MASTER, Esq., Acting Secretary to Government, Revenue Department, Fort St. George, dated Hyderabad, 23rd April 1874, No. 279:—

In continuation of this Office letter, No. 3,556, dated 19th February last, the Resident has the honour to forward, for the information of His Excellency the Governor in Council, English translation of a further communication, No. 1,181, dated 14th instant, and of its enclosures, received from His Highness the Nizam's Minister affording the promised information regarding the manufacture of earth-salt in certain parts of His Highness' dominions.

ENCLOSURE No. 1.

From His Highness the Nizam's Minister, to the Resident, Hyderabad, dated 14th April 1874, No. 1,181.

With reference to my former letter, No. 498, dated 12th February last, promising to communicate, on receipt thereof, the information called for from the district officers regarding the manufacture and sale of earth-salt in His Highness' territory, I have now the honour to inform you that, from the inquiries made on the subject, it has been ascertained that the particular species of salt referred to is manufactured nowhere in His Highness' territory, save in certain villages of the Raichore and Nager Kurnool Districts. The reports submitted by the Taluqdars of these districts are herewith enclosed, from a perusal of which you will perceive that the manufacture of the salt referred to is confined to a few villages, and the outturn being too small for foreign exportation is consumed locally.

Report from BAHRAMJI MANAKJI, Taluqdar of Raichore, dated 16th February 1874.

In reply to Ahkam, No. 81, dated 12th instant, giving cover to copy of a letter from the Resident, with translation of one from the Secretary to the Government of Madras, and calling for the information therein required as to the manufacture, etc., of earth-salt in His Highness' territory, states that, from special inquiries made on the subject, it appears that salt of the above description is manufactured in only a few villages of this old district, and the quantity produced, which is estimated at 3,345½ maunds per annum, not being in excess of local requirement, none is exported to other places.

Report from RUSTUMJI NOWSHERWANJI, Taluqdar of Nager Kurnool, dated 6th April 1874.

In reply to the Minister's Ahkam of the same tenor as above, states that salt of the particular description under notice is manufactured in Taluq Nager Kurnool to the extent of Rupees 229-0-0, in Maktal Rupees 359-1-9, and in Narrainpett Rupees 225-8-0, in value annually. The quantity produced being small and barely sufficient for local consumption is not exported elsewhere, and the manufacture is confined to the three taluqs abovementioned.

No. 131. ORDER THEREON, 11th May 1874, No. 582.

Separate Revenue, No. 12.

Salt.

The foregoing letter contains information on the manufacture of earth-salt in the Hyderabad territories.

2. In discussing the arrangements which would have to be carried out if the manufacture of salt-earth was prohibited in the Ceded Districts and Kurnool, Mr. Thornhill pointed out that as one effect of

W. Tweedie
1st Assistant Resident

582
2

*Proceedings of the Madras Government, Revenue Department,
11th May 1874*

the measure would be to give an impetus to smuggling from Hyderabad it would be necessary to have a preventive guard at each ferry on the rivers Tungabudra and Kistna which form the frontier between the two territories, timely notice being, of course, given to the Nizam's Government in order that it may be fully proclaimed in the adjacent districts that the import of earth-salt into the Madras provinces is prohibited.

3. It was subsequently pointed out by the Government of India (20th October 1873, No. 103) that as regards Hyderabad the Treaty of 1802, Article III., must be borne in mind, and that no preventive measures should be taken, except with the concurrence of the Nizam's Government. The Governor-General in Council also requested to be furnished with a programme showing precisely what it was proposed to do before any action is taken by the Government of Madras.

4. Article III. of the Treaty referred to declares that "there shall be a free transit between the territories of the contracting parties of all articles being the growth, produce, or manufacture of each respectively; and also of all articles being the growth, produce, or manufacture of any part of His Britannic Majesty's dominions."

5. It appears from the letter now received from the Resident that earth-salt is manufactured only in a few villages of the Raichore and Nager Kurnool Districts in the Hyderabad territory, all the salt

From, His Highness the Nizam's Minister
To, The Resident Hyderabad.
No. 1181 of 14th April 1874.

With reference to my former letter No. 498 of 12th February last, promising to communicate, on receipt thereof the information called for from the District Officers regarding the manufacture and sale of Earth Salt in N. N. Territory, I have now the honor to inform you that from the enquiries made on the subject, it has been ascertained that the particular species of salt referred to, is manufactured nowhere in N. N. Territory, save in certain villages of the Raichur and Bagel Kurnool districts. The reports submitted by the Talukdars of these districts are herewith enclosed, from a perusal of which you will perceive that the manufacture of the salt referred to is confined to a few villages, and the out-turn being too small.

Letter from the Srst
Asst. Resident Hyderabad
forwarding translation of a
further communication from
H. H. the Nizam's Minister
regarding manufacture of
earth-salt.

W. C. 23rd. April 1874.

The foregoing letter
This paper contains
the information on the manu-
facture of earth-salt in the
Hyderabad Territories under
for in letters from this Depart-
ment dated 12th December
1873 No. 1400 and 30th January
1874 No. 138.

2 In discussing the
arrangements which would
have to be carried out if
the manufacture of salt-
earth was prohibited in
the.

No. 1366/74.

the Ceded Districts and
Kurnool Mr. Thornhill
pointed out that ^{so} one effect
of the measure would be
to give an impetus to smug-
gling from Hyderabad,
it would be necessary to
have a preventive guard
at each ferry on the rivers
Tungabudra and Krishna
which form the frontier
between the two territories,
timely notice being of course
given to the Nizam's Govern-
ment in order that it may
be fully proclaimed in
the adjacent Districts
that the import of earth-
salt into the Madras
provinces is prohibited.

3. It was subsequently
pointed out by the Govern-
ment of India (20th October
1873 No. 105) that as regards

Hyderabad

Hyderabad the Treaty of
1802 Article III. must be
borne in mind and that
no preventive measures
should be taken except
with the concurrence of the
Nizam's Government. The
Governor General in Council
also requested to be furnish-
ed with a programme
showing precisely what
it was proposed to do
before any action is taken
by the Government of
Madras

4. Article III of the
Treaty referred to declares
that there shall be a free
"transit between the terri-
"tories of the contracting
"parties of all articles being
"the growth, produce, or
"manufacture of each, ⁱⁿ
respectively

"respectively, and also of
"all articles being the growth,
"produce, or manufacture of
"any part of His Britannic
"Majesty's dominions"

5. It appears from the
letter now received from
the Resident that earth-
salt is manufactured only
in a few villages of the
Raichore and Nager Kurnool
Districts in the Hy-
derabad Territory, all
the salt so made being
consumed locally. The
quantity produced in
Raichore is estimated
at 3345 1/2 maunds, and
that made in three villages
in Nager Kurnool is valued
at Rupees 844-0-0 annu-
ally.
