Read the following letters :—

No. 159. From Captain CAMPBELL WALKER, Officiating Inspector of Forests, to C. G. MASTER, Esq., Acting Secretary to Government, Revenue Department, dated Ootacamund, 17th April 1874, No. 20.

With reference to your demi-official under date 31st March 1874, I have the honour to report that I have been in communication with Mr. Macgregor and Mr. Ferguson with regard to Mr. Ferguson's furlough and the acting appointment during his absence. There is no objection to Mr. Ferguson's furlough being granted for one year, in accordance with the Uncovenanted Civil Service Rules, and, with Mr. Macgregor's approval, I beg to recommend that Mr. Stanborough, Assistant Conservator of Forests, now at Nelambur, be appointed to act for him.

2. Mr. Stanborough has now been upwards of eighteen months in the department, during the whole of which time he has been employed under Mr. Ferguson at Nelambur, and should, therefore, have an excellent practical knowledge of the manner in which the planting operations have been so ably carried on by Mr. Ferguson.

3. Mr. Morgan's furlough expires early next month, and it will be necessary to provide a range for him, as it is not desirable that he should return either to Kurnool or Trichinopoly.

4. I am very anxious to initiate the demarcation and survey of the imperial, local, and private forests on a uniform system, which can only be carried out by the employment of a qualified forest officer, aided by a small establishment being detailed for this special duty which is of the greatest importance, and progressing rapidly in every other province of the Empire.

5. I beg, therefore, to recommend that the services of Mr. Ross, Deputy-Conservator of Forests, now in charge of the Mettapolliem and Bolamputti Range, who has been trained in surveying, mapping, etc., in Germany, be availed of for this work, and that Mr. Morgan be appointed to the charge of the Mettapolliem, etc., forests.

6. If this proposal is approved of, Mr. Ross should, on being relieved by Mr. Morgan, and after handing over charge and thoroughly explaining the circumstances of the range, contemplated operations, etc., be placed under my immediate orders, and I shall be prepared to submit a sketch of how he will be employed and what establishment he will require. This will be a great step towards efficient forest conservancy, be imperial and local. Operations would, of course, be carried on in concert with the local forest officer and the Collector, and, in accordance with their views, in whatever district the special branch might be at work.

7. I have made the matter of act on these changes subject of a separate communication.

8. I venture to submit that, in future, all applications for furlough, leave, etc., should be submitted through my Office, which would save much delay and reference, and keep me informed of what is going on. At present, I learn from the Gazette that the Madura forest officer is on privilege leave, with regard to the

grant of which I was never consulted, and am not even aware who is acting for him.

No. 159A. From the same officer, dated Ootacamund, 30th April 1874, No. 54.

I HAVE the honour to state that Mr. I. Morgan, Deputy-Conservator of Forests, 4th Class, has returned from furlough under permission of the Secretary of State for India, and reported himself for orders at this Office.

2. I have to request instructions with reference to my letter, No. 20, dated 17th instant, in order that I may direct him where to join, etc.

No. 160. ORDER THEREON, 13th May 1874, No. 595.

Miscellaneous.

Mr. FERGUSON's leave has already been gazetted. As Mr. Stanborough has been employed for more than a year under Mr. Ferguson, he may be permitted to act at Nelambur. The Inspector will report, through the Board, after communication with the Collector, whether he will require any assistance.

2. Captain Walker will also submit, through the Board, a clear statement of the work which he alludes to in paragraph 4 as desirable for Mr. Ross to undertake. As there is at present no Forest Law, the investigation of such rights can only be permitted under distinct instructions which must first be approved.

3. In the meantime, other work must be found for Mr. Morgan, whose arrival is reported in the second letter recorded above. The Inspector should make his proposals through the Board. In future, officers on return from furlough will report themselves for orders to the Board of Revenue.

4. The proposal in paragraph 8 is a reasonable one, and should be adopted, except in cases of emergency. In any case, orders which the Board may pass on such matters should be communicated to the Inspector.

1. I think we may agree to the proposal respecting the Standard.

2. This seems to be a proposal which requires a great deal of consideration & I will call for some full explanation.

3. I will call all officers present & leave that to be made after consultation with the Inspector: and if so, it must save time to send applications through the office.
