Letter from the Government of the North-Western Provinces, No. 311F, dated 1st October 1873.

RESOLUTION.—The Governor-General in Council observes that before 1870 the duty of auditing and recording the forest accounts rested entirely with the provincial Accountants-General. But in 1870 it was said that the provincial Accountants-General were not, and could not be expected to be, sufficiently familiar with the detailed operations of the Forest Department, and it was, therefore, determined that the control and audit of forest accounts should be transferred to the Conservators. This was ordered by Resolution, No. 654, dated 31st May 1870.

2. The correspondence with the Government of the North-Western Provinces, however, shows that under the altered system there has been an insufficient audit in respect of forest expenditure in the North-Western Provinces, and it has also been brought to the notice of the Governor-General in Council that like failures have occurred in other parts of India. The Governor-General in Council is, therefore, doubtful of the expediency of continuing the existing arrangements, but before finally deciding whether the duty of auditing and recording the forest expenditure shall continue with the Conservators or be re-transferred to the provincial Accountants-General, His Excellency in Council directs that the forest accounts of Bengal, Madras, and Burmah, for the last quarter for which they have been furnished by the Conservators be re-audited by the Accountants-General of those Provinces, and the result of such re-audit reported for the information of the Government of India.

ORDERED that the foregoing Resolution be communicated to the Department of Revenue, Agriculture, and Commerce,* and the Governments of Madras,
