No. 507

The Collector of District having represented that the employment of 4 extra persons on a salary of Rs. 6 each was necessary for guarding crops in the Village of Swarna recently purchased from the Zamindar of Venkataswamy, because the lands in that village are held under the sharing system, the Board sanctioned their employment temporarily but inadvertently omitted to submit their sanction for confirmation.

confirmation by Government. They now resolve
to request Government to ratify the sanction.

2. Arrangements are being made for
introducing money rates of assessment in the Village and when this is done the employment
of the peons will not be necessary. Mean-
while, they will only be employed when their
services are required and not continuously
throughout the year.

3. The bills received from the
Accountant General will be returned to
him duly countersigned.
