Proceedings of the Madras . . overnment, Revenue Department,
26th May 1874.

No. 246. Read the following Proceedings of the Board of Revenue, dated 12th May 1874, No. 1,114 :—

Read the following letter from A. McC. WEBSTER, Esq., Acting Collector of Madras, to J. GROSE, Esq., Secretary to the Board of Revenue, dated 16th April 1874, No. 61 :—

REFERRING to paragraph 1 of the Order of Government, No. 94 of 21st January last, Revenue Department, in which the Government direct the *introduction* of retail licenses for the sale of European liquors from the commencement of the ensuing fasli, I have the honour to state that the Deputy-Collector of Madras has been in the habit of issuing licenses for the retail sale of European liquors for several years past, and the issue of these licenses will, therefore, be continued, as the doubt which arose regarding the applicability of Section 6, Act XIX. of 1852, to European liquors has been removed.

2. I have the honour to request that the Board will inform me whether they propose to introduce a system of license fees for the sale of European liquors from the next fasli, and also a condition in the license fixing a minimum price as recommended by Mr. Blair in his letter No. 183 of 18th August last.

SUBMITTED for the orders of Government.

2. No orders have yet been passed by Government on the important question submitted to them in Board's Proceedings, dated 9th June 1873, No. 965, viz. :— *Will Government interfere to restrict and regulate the consumption of European spirits in the Town of Madras?*

3. If such interference is to take place, the Board think the most judicious form it could take at first would be to charge a fee of, say, Rupees 50 for each retail license, and introduce a clause in the license forbidding the licensee to sell spirits at less than Rupees 6 an Imperial gallon.

No. 247. ORDER THEREON, th May 1874, No. 639.

Separate Revenue, No. 22.
Abkari.

THE Government observe that the Board submitted the questions raised in their Proceedings of the 9th June 1873, No. 965, because they considered that the law did not allow of their interference.

2. Their doubts on this point having been set at rest by the concurrence of the Government in the opinion expressed by the Advocate-General, it is for the Board to determine how far it is desirable to use the abundant powers conferred on them by law.
