*Proceedings of the Madras Government, Revenue Department,
29th May 1874.*

No. 279. Read the following Proceedings of the Board of Revenue, dated 19th May 1874, No. 1,170:—

Read the following letter from F. PRICE, Esq., Acting Collector of Salem, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Madigherry, 12th May 1874, No. 155:—

I have the honour to report that a cyclone of unusual severity passed over the northern and western taluqs of this district between the 4th and 7th instant causing very great damage, especially in the Tripatur Taluq, to irrigation works, roads, bridges, houses, and cattle.

2. The storm was the longest and, with the exception of the cyclone of May 1872, the most violent that I have seen since I joined the district.

3. I have not received any accounts from Ahtur and the southern taluqs. In Salem there was good rain and much wind, but nothing like what was experienced further north and west.

4. I have called for particulars regarding damages, and will send a further report when these are received. I have addressed the District Engineer regarding repairs, have given instructions touching the supply of wood and bamboos for the purpose of reconstructing the houses which have fallen, and have directed Tahsildars not to press collections until I know what the extent of the losses in the way of houses, cattle, and grain are.

5. This is all that I think will be needed. There are no fears of scarcity now, and there is plenty of work for every one.

SUBMITTED for the information of Government.

No. 280. ORDER THEREON, 29th May 1874, No. 655.

Miscellaneous.

THE Government await further particulars.

(True Extract.)
