*Proceedings of the Madras Government, Revenue Department,
8th June 1874.*

No. 67. Read the following Proceedings of the Board of Revenue, dated 4th May 1874, No. 1,038:—

Read the following letter from J. HOPE, Esq., Acting Collector of Kurnool, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Sirwell, 1st April 1874, No. 104:—

In reference to G. O., No. 147, dated 27th January 1874, forwarded to me by the Board (*vide* Proceedings, Miscellaneous No. 735, dated 4th February 1874), I have the honour to state that after full consideration of the circumstances of the case, I am of opinion that the special duties devolving on the Deputy Collector in connection with canal irrigation fully entitle him to the privilege he has hitherto enjoyed of drawing permanent batta and mileage.

2. The work of taking up land for channels and settling the compensation to be paid to the landowners is not the only duty requiring the Deputy Collector to travel frequently. The following is his own classification of the out-door work he has to do in connection with the special department.

1st.—To check the measurements made by the Revenue Inspectors.

2nd.—To rectify the plans.

3rd.—Local inquiry for refunds of compensation in cases where the original lines have been altered on professional grounds or refunds from other causes.

4th.—To examine lands or crops damaged by the leakage, etc., from the canal.

5th.—To examine localities requiring crossings.

6th.—Distribution of compensation.

The work appears to have increased of late years with the gradual extension of irrigation. From a detailed statement the Deputy Collector has submitted to me, I find that whereas in 1871 (*vide* Board's Proceedings, No. 2,895, dated 12th July 1871) he was absent from his head-quarters for eleven days on an average each month, in 1872 and 1873 he was absent for fourteen days and fifteen days, respectively.

Should the Government sanction the New Irrigation Rules proposed by the Committee lately held at Cuddapah (including as they do a considerable reduction of water-rate for the earlier years of cultivation), there is little doubt that great increase in irrigation may be anticipated, and the work of the special officer will be increased proportionately.

To say the very least, however, the same reasons for continuing the privilege, which were adduced two years ago, exist with equal force now. I hope, therefore, that its further continuance may be sanctioned.

SUBMITTED to Government with reference to G. O., dated 27th January 1874, No. 147.

2. The Board adhere to their opinion that no sufficient cause is shown for giving the Deputy Collector permanent batta in addition to mileage.

Proceedings of the Madras Government, Revenue Department.
8th June 1874.

No. 68.

ORDER THEREON, 8th June 1874, No. 701.

Miscellaneous.

THE point which has been long at issue, and upon which, the Board of Revenue disagree with the Collector, is whether the Deputy Collector in Kurnool, who is in charge of the special department employed for making over land to the Irrigation and Canal Company should draw permanent batta in addition to mileage.

2. His Excellency the Governor in Council has given his careful consideration to the correspondence which has passed on this subject, and has come to the conclusion that the present arrangement should continue. He has been influenced in this decision by the fact that the duty which the Deputy Collector is called upon to perform is over and above his regular work, and needs considerable tact and attention.

Proceedings of the Board of Revenue

Dated 4th May 1874. JP-1038:-

Read the following.

From No 104
The Acting Collector
of Kinnool.
To,
The Secretary to the
Board of Revenue
Madras.

Sir,

In reference to G.O. No 147
dated 27th January 1874 forwarded to
me by the Board vide Proceeding No.
- Cellanams No 735 dated 4th February 1874.

I have the honor to state that after
full consideration of the circumstances
of the case, I am of opinion that the
special

G.O., 8th June 1874, No. 701.

JUNE
Nos. 67-68.

Permanent Batta and Mileage to Special
Deputy Collector, Kinnool.—Sanctions con-
- pance of—, with remarks.

special duties devolving on the Deputy
Collector in connection with Canal irrigation
fully entitles him to the privilege he has
hitherto enjoyed of drawing permanent
batta and mileage.

2. The work of taking up
land for channels and settling the
compensation to be paid to the land
owners is not the only duty requiring
the Deputy Collector to travel frequently.

The following is his own classification
of the out door work he has to do
in connection with the special department.

1. To check the measurements made
by the Revenue Inspectors.

2. To rectify the plans.

3. Local inquiry for refunds

nominal
to his credit
in the
inspector's

of Compensation in cases where the
original lines have been altered on
profferable grounds or refunds from
other causes.

4. To examine lands or crops
damaged by the leakage from the
canals.

5. To examine localities requiring
crossings.

6. Distribution of Compensation.

The work appears to have
increased of late years with the gradual
extension of irrigation. From a detailed
statement the Deputy Collector has submitted
to me I find that whereas in 1871
(vide Board's Proceedings No 2895 dated
12th July 1871.) he was absent from
his

his Head Quarters for 11 days on
an average each month, in 1872 and 1873,
he was ^{absent} for 14 days and 15 days
respectively.

Should the Government sanction
the new Irrigation Rules proposed
by the Committee lately held at
Cuddapah (including as they do a
considerable reduction of water-rates
for the earlier years of cultivation)
there is little doubt that great increase
in irrigation may be anticipated, and
the work of the special officer will be
increased proportionately.

To say the very least, however,
the same reasons for continuing the
privilege which were adduced 2 years
ago

ago exist with equal force now, I think,
therefore, that its further continuance may
be sanctioned.

I have seen
1. Enrol Collector's Office, } (signed) James Hope
on Circuit } As. Collector
Sivwil 1st April 1874.

Submitted to Government
with reference to G. O. 27th January
1874.

The Board adhere to their
opinion that no sufficient cause is shown
for giving the Deputy Collector permanent
hatta in addition to mileage.

Memo. for Orders on No. 1470.

Pro. Board of Revenue
Batta mileage to Special Dy.
Collector employed in Kurnool Dist.
for making over lands for dis-
tribution channels.

4 May 1874, No. 1470

Approved

I am in favor
of continuing the
Batta - 90 Rs per m.
not merely because
I think the Collector makes
out a fair case for
it - but also because
I think it is well
that a special ad-
vance should be
made for this Special
Duty - which needs con-
siderable tact & attention

L. O. 3075

The point which has
been long at issue and
upon which the Board of
Revenue disagree with the
Collector is whether the Deputy
Collector in Kurnool who is
in charge of the Special
Dept. employed for making
over land to the Irrigation
and Canal Company should
draw permanent batta in
addition to mileage.

2. The first Deputy
Collector who was appoint-
ed to this duty was Raja-
nada Row, and in their
order

order on the subject (G. O.

2^d June 1860, No 910) the

Govt ruled that while em-

-ployed on this service so far

from his own home and dis-

trict he should draw batta

and travelling allowance at

the same rates as the Deputy

Collector employed under the

Irish Commission (Rs 3

per diem and a mileage of

4 annas).

A similar concession

as far as permanent batta

is concerned was made in

the cases of the General Dy.

Collector in Bellary as long

as he was engaged in making

over-land for the Railway

(G. O. 16 Nov 1866, No 3117)

and of a similarly situated

officer in Puddapah who

was entrusted with the duty

of settling compensation

for lands required by the

Railway

Railway and the Irrigation

and Canal Company. (G. O.

24 March 1868, No 756).

4. In 1868 the appoint-

-ment of Special Deputy

Collector in Kurnool appears

to have been abolished and

the officer who had up to the

date of the change been so

employed and drawn the special

rate of batta came on the

regular staff of the District

and had to perform general

duties besides transferring

land to the Company. The

permanent batta which

was in consequence discon-

-tinued was on the recommen-

-dation of the Board of Revenue

again sanctioned to St. John

-sana Rao to be continued

so long as he might be en-

-gaged in arranging for the

transfer of lands to the

Irrigation and Canal Company

in Kurnool, (G. O. 12 Decr.
1868, N^o 3098.)

5. It subsequently
appeared that this officer
as well as his predecessors
had been drawing mileage
on the strength of G. O.
2 June 1860, N^o 910 (para-
graph 2 supra). The
Board thought that the
case of A. Sudarsana Rao
did not fall under the
same category as that of
Ragunatha Rao, but after
a reference to the Account-
ant General the Govern-
ment sanctioned the
continuance of mileage
to him (G. O. 3rd Sept. 1869,
N^o 2494.)

6. The Govt. of India
having excluded from the
Public Works Budget the
cost of the establishments
employed.

201
employed for making over
land to the Madras Irriga-
tion and Canal Company
the Government observed
that as the demand for
land by the Company
would cease in March
1871 no establishment
would be required in
1871-72 (G. O. 20 January
1871, N^o 135) but on a
report from the Collector
of Kurnool they subse-
quently (16 May 1871,
N^o 860) sanctioned a
reduced temporary es-
tablishment for 12
months.

7. On this occasion
the Collector recommended
that

that the Deputy Collector
should receive as heretofore
"tentage and mileage, for
"this work requires constant
"travelling about not only
"in his own Division but
"in all of the Taluqs affect-
"ed by the Canal." The
Board on the other hand
thought that the perma-
-nent batta should no
longer be allowed. "The
demand for land has
"ceased and the work
"which remains to be
"done must be chiefly
"office work." The Govt.
also were of opinion
that no permanent
batta can any longer
be allowed if the
Deputy Collector's
business.

business consisted mostly of office
work but admitting to the collector's
remark about "constant travelling"
they thought further consideration
on this point was demanded.
8. The collector then reported
that it was a misapprehension
to consider that the work remain-
-ing to be done was chiefly office
work, and that the demand
for land had not ceased, and
would not until all the distribu-
-tion channels and their sub-
-sidiary works were completed.
He shewed that there were several
duties to perform which necessi-
-tated travelling, and mention-
-ed that during the preceding
six months, the D^y collector had
been absent from Head Quarters
eleven days in the month on an
average on this duty.
9. The Board did not
think this a sufficient ground
for continuing the special al-
-lowance, but Govt. sanctioned
the permanent batta of Rs 3
per diem up to the close of
the

that the Deputy Collector
should receive as heretofore
"tentage and mileage, for
"this work requires constant
"travelling about not only
"in his own Division but
"in all of the Taluqs affect-
"ed by the Canal." The
Board on the other hand
thought that the perma-
-nent batta should no
longer be allowed. "The
demand for land has
"ceased and the work
"which remains to be
"done must be chiefly
"office work." The Govt.
also were of opinion
that no permanent
batta can any longer
be allowed if the
Deputy Collector's
business.

business consisted mostly of office
work but admitting to the collector's
remark about "constant travelling"
they thought further consideration
on this point was demanded.
8. The collector then reported
that it was a misapprehension
to consider that the work remain-
-ing to be done was chiefly office
work, and that the demand
for land had not ceased, and
would not until all the distribu-
-tion channels and their sub-
-sidiary works were completed.
He shewed that there were several
duties to perform which necessi-
-tated travelling, and mention-
-ed that during the preceding
six months, the D^y collector had
been absent from Head Quarters
eleven days in the month on an
average on this duty.
9. The Board did not
think this a sufficient ground
for continuing the special al-
-lowance, but Govt. sanctioned
the permanent batta of Rs 3
per diem up to the close of
the

the then current official year
(G.O. 21st September 1871 N^o 1636).

10. The special establishment
was subsequently continued for
a further period of six months.

(G.O. 2nd June 1872 N^o 866); again
till the 31st March 1873 (G.O.
27 February 1873 N^o 142) and
by further orders for 1873-74 and
1874-75 (G.O. 13 March 1873
and 27 January 1874 N^o 304
and 647.)

11. In forwarding the
correspondence upon which the
last named order was passed
the Board again took occasion
to remark that sufficient cause
did not exist for giving the
Deputy collector permanent batta
in addition to mileage and re-
commended that this should
not be allowed after the end
of the current official year.

They observed that he can
"have little out-door work now
in connection with transferring
land to the Irrigation Company".
The Govt. however decided that
the

the opinion of the collector might
be procured on this batta
question.

12. The Deputy collector's
letter dated 27th October 1873
N^o 164, which forms an en-
closure to the correspondence re-
corded in G.O. 27 January 74
N^o 147 contains an account of
the out-door and indoor work
performed by the Special de-
partment, himself included.

The collector has also in his
letter, received with the Board's
Proceedings now awaiting dispo-
sition given a list of the duties which
require the Deputy collector to
travel frequently, and in
reiterating his opinion that the
Deputy collector should continue
to enjoy the privilege of drawing
permanent batta and mileage,
he points out that the work
appears to have increased of
late years with the gradual
extension of irrigation and
that during 1872 and 1873
the

the Deputy collector was absent from Head Quarters, on an average, for 14 and 15 days every month. Indeed he looks at the work increasing hereafter.

13. Notwithstanding this strong expression of opinion, the Board adhere to their opinion that no sufficient cause is shown for giving the Deputy collector permanent batta in addition to mileage.

Orders requested.

C. W.

None for the
Deputy collector
as he is not a permanent
employee. The
only permanent
employee is the
Deputy collector.
