*Proceedings of the Madras Government, Revenue Department,
8th June 1874.*

No. 73. Read the following Proceedings of the Board of Revenue, dated 29th May 1874, No. 1,305:—

Read the following letter from J. H. GARSTIN, Esq., Collector of South Arcot, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Villapuram, 21st May 1874, No. 247.

I HAVE the honour to forward copy of a letter from the Deputy-Collector on general duties, dated 16th instant, No. 181, with translations of its enclosures, reporting the disastrous results of the late rains in the Trinomallay Taluq.

2. I have asked the special attention of the District Engineer to the necessity of at once repairing the irrigation works injured in the two taluqs of Trikalore and Trinomallay.

ENCLOSURE No. 1.

From C. STRIBALIAH, Deputy-Collector, General Duties, to J. H. GARSTIN, Esq., Collector of South Arcot, dated Trikalore, 16th May 1874, No. 181.

In continuation of my letter, No. 172, dated 11th instant, I have the honour to submit copies of reports as per margin received from the Tahsildar of Trinomallay on the disastrous results of the late rains in that taluq.

1. Arzi No. 269.
2. " " 274.
3. " " 278, with two enclosures.

2. As reported up to date seventeen tanks breached, besides the five others referred to in my former letter. The number of cattle and sheep killed is incredible. In the single village of Kottakolum, lying on the bank of Cheyyur, the number that perished was 4,206, valued at upwards of Rupees 20,000, besides other articles, amounting to Rupees 5,000, specified in the list (enclosure A to Arzi No. 278).

3. There is another enclosure (B) to the last-named Arzi, which shows the number of cattle deaths in other villages as far as has been ascertained; the loss is reported to be general, as the people in several parts of the taluq are by habit a pastoral class and breed cattle largely, so that they are always picketed in open fields exposed to the wind and rain.

4. I beg also to enclose copy of a statement showing the springs and channels destroyed in the Malattar bed in Trikalore Taluq, and to suggest that the special attention of the range

officer may be invited to the necessity of at once repairing the breached and otherwise injured works of irrigation in the two taluqs. Any delay is likely to give rise to great hardship, especially after an unfavourable season that we have had.

SUBMITTED for the information of Government.

2. The extra Overseers entertained when scarcity prevailed and famine was feared might be made available for the injured irrigation works in Trikalore and Trinomallay.

No. 74. ORDER THEREON, 8th June 1874, No. 704.

Miscellaneous.

HIS EXCELLENCY the Governor in Council has perused with much concern this account of the damage done to the property of the ryots in so many villages as well as to the irrigation works in the Trinomallay Taluq.

2. The Board will, in communication with the Collector, consider what measure of relief should be afforded to the people who have been such heavy

losers by the destruction of their sheep and ploughing cattle. Careful inquiry should be made as to the actual damage done.

3. The attention of the Public Works Department will be drawn to the urgent need of tank-repairs, and it will be considered in that department whether the Board's proposal for the retention of the Overseers adverted to is not desirable for the purpose.

An order from the Dy. S. S. S. S. S.
of Trinomally Taluk.

The Monigars of the Villages
Kottandivady noted in the margin have reported
Kariandul that the embankments of their tanks
Kalaratambady were breached by the flood of the
Syampolheim heavy rains of the 6th Instant in
Shanandal. The matter was at once communicated
to the Taluk Overseer to do the need-
ful - also to the Range Officer I have
instructed the Village Officers to
make the petty repairs under the
"Kudi Maramat" and to watch
over the banks carefully.
