No. 118. Read the following Proceedings of the Board of Revenue, dated 4th June 1874, No. 1,344 :—

Read the following letter from W. S. FOSTER, Esq., Acting Collector of the Godavery District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cocanada, 23rd April 1874, No. 102.

REFERRING to the Board's Proceedings, dated 30th October last, Miscellaneous No. 7,315, I have the honour to observe that no provision has been made in the Provincial Budget for 1874-75 for the construction of the Press Office at Cocanada.

2. Under the Board's Proceedings referred to, the plan, estimate, and site-plan have been sent to the Inspecting Engineer for Civil Buildings. In my letter quoted in the above Proceedings, I have brought to notice the great inconvenience felt by my Assistant Collector and the Press Department for want of accommodation.

3. The presses are placed in a verandah, and the compositors in the Assistant Collector's room, which is far off the presses. The Assistant Collector sits in a room absurdly small even when he sits as a Magistrate with a number of witnesses; and I am of opinion that no time should be lost in providing the Press Department with the necessary building. The room the Assistant Magistrate holds his Court in is $11\frac{1}{2} \times 13 \times 9$ feet. There must at the very least be four people in the room when he is trying a case (the room is too small for three convicts). request, therefore, that the Board will arrange for an allotment for the purpose, so as to save time when the work is finally sanctioned by Government.

4. I have just received a letter from the District Engineer asking for information about the old Press Office, as to the value of the presses, etc. I have sent it, but I am afraid that the new office will not be begun until this information has been well considered; it cannot have anything to do with building the new room.

SUBMITTED to Government with reference to their order, dated 15th October 1873, No. 1,113. The building is necessary, and it is hoped that the Government will find it possible to allot funds for the work.

No. 119. ORDER THEREON, 12th June 1874, No. 726.

Miscellaneous.

ORDERED to lie over till the plans and estimates are received, and instructions will be issued from the Public

Works Department for their early submission.

(True Extract.)

Acting Secretary to Government.
