The returns from the districts are given in detail in the enclosed Form A. for the two years for which report is desired by the above order of Government. The destruction of wild beasts was vigorously prosecuted and with greater success in the latter than in the former year.

2. Tigers.—Of these the greater number were killed in two ranges, the northern and the western.

One hundred and eighty-six were killed on an average in each of the three years 1866—1869.

Special rewards in Kurnool and elsewhere raise the average reward paid to 38½ Rupees in 1871-72, and to 40 Rupees in 1872-73 for each tiger killed.

Cheetahs.—These must include one hundred were killed in increased numbers in the second year under review. The districts may be thus arranged:—

Total ...	575	735

The total number known (1871-72) to have been killed was 858 Panthers killed per annum over average.

In the *a* group of districts in the two years now reported on, in each district four have been killed on an average each year; in *b* group, 23; in *c* group, 48; in *d* group, 124. On an average about 14 Rupees a-head was paid in 1871-72, and 13 Rupees in 1872-73. Canara is excepted, a special reward is there given and averaged Rupees 44½ in 1871-72 and Rupees 40 in 1872-73.

Bears.—One hundred and two were killed in 1871-72, and 115 in 1873-73. More than half of the whole were killed in Ganjam. Rupees 5-11-9 per head was paid for them on average.

Wolves are nowhere numerous in Madras. Fourteen were killed in 1871-72, twenty in 1872-73. Rupees 5 a-head was paid for them.

Hyænas.—There were killed in Ganjam, Vizagapatam, Kistna, and Kurnool, 161 in the two years, and forty-two in the seventeen other districts. Rupees 34 was paid on an average for them.

3. It will be noticed that 9,300 Rupees was paid in Malabar in 1872-73 for the destruction of alligators. The grant of rewards for these saurians has been discontinued excepting in the rare cases where a large one proves to be dangerous.

4. On the whole the grant of rewards, amounting to about 24,000 Rupees yearly, represents the destruction of nearly 1,200 dangerous animals, a result which the Board regard as satisfactory.

5. The loss of human life is shown in Form B. The deaths there shown include a very large proportion of deaths from snake-bite. The total number of deaths during 1871-72 was 2,719, while in 1872-73 the loss amounted to 2,817 lives.

6. In consideration of the fact that the scale of rewards for the destruction of wild beasts was framed long ago when money was more valuable than it is now, the Board recommend that the maximum reward for the destruction of a full grown tiger be fixed at Rupees 50, and for the destruction of a cheetah at Rupees 25.

Proceedings of the Madras Government, Revenue Department,
25th June 1874.

No. 328. Order issued, 25th June 1874, No. 780.

Miscellaneous.

This Board of Revenue forward the report called for with reference to the Resolution of the Government of India, dated 25th August 1873, No. 44, 2,777, (Madras G. O., 12th September 1873, No. 974, Revenue Department).

2. In their Resolution of 11th September 1871, No. 4,202, the Supreme Government empowered Local Governments to increase the rate of authorized rewards for killing destructive wild beasts, wherever such a measure was considered desirable.

3. No alteration in the established scale of rewards for this Presidency was then thought necessary.

4. The Board in now forwarding a general report on the destruction of wild beasts for the two years 1871-72 and 1872-73, propose that the maximum rewards for the destruction of full grown tigers and elephants be raised from Rs. 25 and 17-8-0 to Rs. 50 and 25 respectively.

5. His Excellency the Governor in Council resolves to sanction the alteration in the scale as proposed. He observes, however, that by G. O., 24th April 1874, No. 764, Judicial Department, (which will now be communicated to the Board,) sanction has already been granted for a reward of Rs. 100 for every tiger killed in the six districts originally noted, in addition to Vizagapatam where the special rate is already in force.

The returns from the districts are given in detail in the enclosed Form A. for the two years for which report is desired in the above order of Government. The destruction of wild beasts was vigorously prosecuted, and with greater success in the latter than in the former year.

2. Tigers.—Of these the greater number were killed in two ranges, the northern and the western.

Coimbatore Malabar Canara Nilgiris Twelve other districts	80 21	78 27
Total	190	201

One hundred and eighty-six were killed on an average in each of the three years 1868—1869.

Special rewards in Kurnool and elsewhere raise the average reward paid to 36½ Rupees in 1871-72, and to 40 Rupees in 1872-73 for each tiger killed.

Cheetahs.—These most mischievous beasts were killed in increased numbers on the second year under review. The districts may be thus arranged:—

	No. of Cheetahs killed in	
	1871-72.	1872-73.

(d.) Ganjam Vizagapatam Canara	443	478
Total	672	788

In the three years from 1866 to 1869 there were 808 Panthers killed per annum on an average.

In the *a* group of districts in the two years now reported on, in each district four have been killed on an average each year; in *b* group, 23; in *c* group, 48; in *d* group, 124. On an average about 14 Rupees a-head was paid in 1871-72, and 13 Rupees in 1872-73. Canara is excepted, a special reward is there given and averaged Rupees 44½ in 1871-72 and Rupees 40 in 1872-73.

Bears.—One hundred and two were killed in 1871-72, and 115 in 1872-73. More than half of the whole were killed in Ganjam. Rupees 5-11-0 per head was paid for them on average.

Wolves are nowhere numerous in Madras. Fourteen were killed in 1871-72, twenty in 1872-73. Rupees 5 a head was paid for them.

Hyenas.—There were killed in Ganjam, Vizagapatam, Kistna, and Kurnool, 161 in the two years, and forty-two in the seventeen other districts. Rupees 3½ was paid on an average for them.

3. It will be noticed that 9,300 Rupees was paid in Malabar in 1872-73 for the destruction of alligators. The grant of rewards for these saurians has been discontinued excepting in the rare cases where a large one proves to be dangerous.

4. On the whole the grant of rewards, amounting to about 24,000 Rupees yearly, represents the destruction of nearly 1,200 dangerous animals, a result which the Board regard as satisfactory.

5. The loss of human life is shown in Form B. The deaths there shown include a very large proportion of deaths from snake-bite. The total number of deaths during 1871-72 was 2,719; while in 1872-73 the loss amounted to 2,317 lives.

6. In consideration of the fact that the scale of rewards for the destruction of wild beasts was framed long ago when money was more valuable than it is now, the Board recommend that the maximum reward for the destruction of a full grown tiger be fixed at Rupees 50, and for the destruction of a cheetah at Rupees 25.
