Read the following Proceedings of the Madras Government, dated 5th May 1874, No. 549, Revenue Department:—

ABSTRACT:—*Abolition of the Southern Inland Customs Line*.—Communicates to Board of Revenue copy of letter from Government of India to Government of Bengal directing the —, etc.

Adverting to the newly passed Salt Act (X. of 1874) and the Notifications of the Government of India, the Board resolve to direct the Collectors of Ganjam, Vizagapatam, Godavery, Kistna, and Nellore, to take measures to notify the abolition of the Inland Customs line to all traders from the interior, with a view to prevent the unauthorized exactions which are likely to be practised, the line being in the midst of jungle and far removed from proper supervision.

2. The above-named Collectors should also report whether any steps can be taken by them to facilitate the increased trade which must spring up with the Central Provinces, Orissa, and the Tributary Mahratta, and should consider and report whether the stores of salt they have in hand are sufficient to meet the probable demand. In Ganjam, Naypada already supplies a large tract of country, and as the price there is untouched the demand should increase largely. The same remark applies to the neighbourhood of Pithapuram. In the Godavery District also there is apparently an opening for the extension of the salt trade by river, as shown in the report of the District Engineer embodied in the order of Government, dated 23rd March last, No. 811.

3. The Board suggest, for the consideration of Government, the substitution of a quarterly Statement in the annexed form for the monthly return prescribed by G. O., 19th October 1869, No. 2,312, the first being submitted before the end of July next for the quarter ending 30th June.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 4th June 1874.

Read the following Proceedings of the Madras Government, dated 5th May 1874,
No. 549, Revenue Department:—

ABSTRACT.—*Abolition of the Southern Inland Customs Line.*—Communicates to Board of Revenue copy of letter from Government of India to Government of Bengal directing the —, etc.

ADVERTING to the newly passed Salt Act (X. of 1874) and the Notifications of the Government of India, the Board resolve to direct the Collectors of Ganjam, Vizagapatam, Godavary, Kistna, and Nellore, to take measures to notify the abolition of the Inland Customs Line to all traders from the interior, with a view to prevent the unauthorized exactions which are likely to be practised, the line being in the midst of jungle and far removed from proper supervision.

2. The above-named Collectors should also report whether any steps can be taken by them to facilitate the increased trade which must spring up with the Central Provinces, Orissa, and the Tributary Mehals, and should consider and report whether the stores of salt they have in hand are sufficient to meet the probable demand. In Ganjam, Nowpada already supplies a large tract of country, and as the price there is untouched the demand should increase largely. The same remark applies to the northern pans of Vizagapatam. In the Godavary District also there is apparently an opening for the extension of the salt trade by river, as shown in the report of the District Engineer embodied in the order of Government, dated 23rd March last, No. 811.

3. The Board suggest, for the consideration of Government, the substitution of a quarterly Statement in the annexed form for the monthly return prescribed by G. O., 19th October 1869, No. 2,812, the first being submitted before the end of July next for the quarter ending 30th June.
