*Proceedings of the Madras Government, Revenue Department,
2nd July 1874.*

No. 8. Read the following Proceedings of the Board of Revenue, dated 24th June 1874, No. 1,562:—

Read the following letter from H. S. THOMAS, Esq., Collector of South Canara, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Mangalore, 12th June 1874, No. 1,088:—

I HAVE the honour to submit, for early sanction and provision of funds, an estimate, amounting to Rupees 410, for dismantling the top of the front tower and covering it, as well as the other two rear towers of the Uppinangadi Taluq Cutcherry, with tiled roofs.

2. Ever since the construction of the Cutcherry, the towers attached to it have been found of no use, and as terraced roofs cannot well stand the heavy rains of this district, their leakage has been repeatedly complained of by the Tahsildar. It has been tried, in vain, to stop it, and the towers have had to be protected with temporary thatched sheds year after year. The Range Officer now reports that it can be checked by no other means than by substituting tiled roofs for the existing terraces; I therefore recommend that the proposed alterations may be sanctioned and funds separately provided for them, as the Officiating District Engineer states that the balance of allotment remaining at his disposal under "Minor New Works," Provincial, is too small to admit of this work being carried out from it.

3. I enclose a plan showing the proposed alterations, and I think you will perceive that opportunity has been taken to form the anterior tower into a portico, for the convenience of the people attending the Cutcherry.

4. The roof of this Cutcherry is also much in need of repair, the bamboo matting beneath the tiles having been completely destroyed by white ants, which appear to have further eaten some of the reepers and even rafters. A separate estimate (for Rupees 680) for executing the necessary repairs having been submitted by the Officiating District Engineer for my approval under clause II., paragraph 9, chapter IV., of the Public Works Code, I have approved and returned the same for early execution in view of the presence of the monsoon.

—
ENCLOSURES Nos. 1. and 2.—Estimates.

—
ENCLOSURE No. 3.—Plan.

THE estimate for dismantling the top of the front tower of the Uppinangadi Taluq Cutcherry and covering it as well as the two rear towers with tiled roofs at a cost of Rupees 410, will be submitted for the sanction of Government, with the request that the sum needed may be allotted at once from Provincial Funds.

2. The Collector's statements show conclusively not only that these alterations are necessary, but that the design on which the Cutcherry was built in 1862, with terraced roof, was so unsuited to the climate, that the officers who prepared it ought to have known that it was unsuitable.

*Proceedings of the Madras Government, Revenue Department,
2nd July 1874.*

No. 9. ORDER THEREON, 2nd July 1874, No. 823.

Miscellaneous.

THE proposed alterations in the Taluq Cutcherry at Uppinangadi are approved, and orders will be issued from the Public Works Department in regard to the provision of funds.

PROCEEDINGS OF THE BOARD OF REVENUE,

Dated 21st June 1874.

Read the following:-

N^o 1088.

From
H. S. Thomas Esq^r
Collector of South Canara

To
J. Grove Esq^r
Secretary to the Board of Revenue
Madras.

Sir,

I have the honor to submit
for early sanction and provision of
funds an estimate amounting to Rs 410
for dismantling the top of the
front tower and covering it, as well as
the other two rear towers of the
Uppurungady Taluq Kacheri with
tiled roofs.

2. Ever since the construction
of the Kacheri, the towers attached

Copy of the Report of the
Commissioner of the District of
South Canara, dated 11th June 1874,
on the subject of the proposed
dismantling of the towers of the
Uppurungady Taluq Kacheri.

to it have been found of no use - and
as terraced roofs cannot well stand
the heavy rains of this District, their
leakage has been repeatedly com-
-plained of by the Tahsildar. It has
been tried, in vain, to stop it, and
the towers have had to be protected
with temporary thatched sheds year
after year. The Range Officer now re-
ports that it can be checked by no
other means than by substituting tiled
roofs for the existing terraces. I therefore
recommend that the proposed al-
-terations may be sanctioned, and
funds separately provided for them,
as the officiating District Engineer
states that the balance of allotment
remaining at his disposal under
"Minor New Works" Provincial, is
too

too small to admit of this work being
carried out from it.

3. I enclose a plan showing the
proposed alterations from which the
Board will perceive that opportunity
has been taken to form the anterior
tower into a portico for the convenience
of the people attending the Kacheri.

4. The roof of this Kacheri is
also much in need of repair, the
bamboo matting beneath the tiles
having been completely destroyed
by white ants which appear to have
further eaten some of the rafters
and even rafters. A separate

necessary repairs having
been submitted by the officiating
District Engineer for my approval
under clause II para 9 of Chapter IV
of the Public Works Code, I have approved
and

and returned the same for early execution
in view of the pressure of the monsoon.

South Canara }
Collectors Office } I have the
Mangalore } Request of H. S. Thomas
12th June 1874 } Collectors

The estimate for dismantling
the top of the front tower of the
Uppinangudi Taluk Cutcherry and
covering it as well as the two rear
towers with tiled roofs at a cost of
Rupees 400 will be submitted for the
sanction of Government with the
request that the sum needed may
be allotted at once from Provin-
cial Funds.

The Collectors statement shows
conclusively not only that these
alterations are necessary, but that
the design on which the Cutcherry
was built in 1862 with terraced
roof

8
