No. 18. Read the following letter from Lieutenant-Colonel W. H. HESSEY, Acting Superintendent of Revenue Survey, to C. G. MASTER, Esq., Acting Secretary to Government, Revenue Department, dated Chepauk, 29th June 1874, No. 1,648/51 :—

On the 6th June 1874 I forwarded to the Superintendent of Stationery a supplementary estimate for Lithographic paper and tracing, as per margin, for 1875-76.

Lithographic paper, Double Elephant, 140 lbs.	Reams	50
Lithographic paper, 54 × 36, 360 lbs.	„	10
Tracing Cloth	yards.	1,000

2. In support of this additional requirement, I urged that Photo-lithography having been extensively used in the re-production of maps, the average monthly expenditure of Lithographic paper had been nearly doubled.

3. The Superintendent of Stationery returned the estimate, intimating to me, at the same time, that the General Indent for 1875-76 was despatched on the 1st November last, and that the supplemental Indent was received much too late for entry in an Indent ordered by Her Majesty's Secretary of State for India to be despatched at latest fifteen months before the articles are required for use.

4. As the expenditure of the paper and cloth has, for the reason already stated, been greater than was anticipated on the date of submission of the general estimate for articles of Stationery of Europe manufacture for the Revenue Survey Department for 1875-76, I have the honour to request that Government will be pleased to instruct the Superintendent of Stationery to submit an emergent supplementary Indent on the Home Government for the supply of the articles in addition to those already estimated for and included in his General Indent for 1875-76.

23rd August 1873.

No. 19. ORDER THEREON, 3rd July 1874, No. 828.

Miscellaneous.

UNDER the circumstances explained, the Superintendent of Stationery is authorized to submit an emergent supplementary Indent for the articles in question.
