Proceedings of the Madras Government, Revenue Department,

19th January 1874.

No. 158. Read the following Proceedings of the Board of Revenue, dated 10th January 1874, Miscellaneous No. 163 :—

Read the following letter from W. S. FOSTER, Esq., Acting Collector of the Godavery District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cocanada, 5th December 1873, No. 400.

I HAVE the honour to forward herewith copy of Salt Deputy-Collector's letter of the 28th ultimo, No. 82, regarding P. Sayenna Pantulu, Acting Salt Superintendent at Mogaltur.

2. Sayenna had been appointed to the office on condition of passing the necessary Special Tests, of which he has failed to pass the Salt Test, though he passed the other, Precis-Writing.

3. The Deputy-Collector considers it very desirable to secure his services, and he recommends that the individual may be exempted from passing the Salt Test, as he is a little too old to get by heart all the Rules and Regulations of the department, which he must do to pass the Test, and as his practical knowledge enables him to perform his duty without any difficulty.

4. Under G. O., dated 8th April 1865, No. 766, paragraph 11, three years' service in the grade of Assistant Superintendent is a necessary qualification for a Superintendent of Salt, independent of the success in the prescribed Tests. Sayenna has enough of the service as Assistant Superintendent (nine years), and there is no one else in the district who has the three years' service, though there are many that have passed the Tests, so that the choice lies between the two, the inexperienced passed candidate and the unpassed man with great practical knowledge of the duties. For myself, I would certainly prefer the latter, and I see that there is no alternative left than to exempt one of them from one or other of the restrictions laid down. I, therefore, think that the exemption of Sayenna from passing the Tests is better than the exemption of the candidates from the restrictive rule of three years' service. I do not like to deviate from a rule when once it is laid down, but when deviation is indispensable, the more advantageous should be preferred.

SUBMITTED to Government, with the Board's recommendation that Sayenna be exempted as proposed.

2. There appears to be a difficulty in obtaining candidates qualified in every respect.

No. 159. ORDER THEREON, 19th January 1874, No. 83.

Miscellaneous.

THE Government will allow this person another year; by that time others will be duly qualified if he is not. It is not fair to passed men to go on exempting others.
