*Proceedings of the Madras Government, Revenue Department,
8th July 1874.*

No. 46. Read the following Proceedings of the Board of Revenue, dated 25th June 1874,
No. 1,589 :—

Read the following letter from J. H. GARSTIN, Esq., Collector of South Arcot, to
J. GROSE, Esq., Secretary to the Board of Revenue, dated Cuddalore, 16th June 1874,
No. 300 :—

I HAVE the honor to forward, for the information of the Board, copy of a letter from the
Acting Sub-Collector, dated 10th instant, No. 341, reporting a fall of rain (4½ inches) at Cusbah
Kullakurchi in the past month and the present prospects of the season in that taluq.

ENCLOSURE No. 1.

From A. L. LISTER, Esq., Acting Sub-Collector, to J. H. GARSTIN, Esq., Collector of South
Arcot, dated Chinna Salem, 10th June 1874, No. 341.

I HAVE the honor to report that 4½ inches of rain fell at Cusbah Kullakurchi last month,
and, as far as I can learn, more or less rain fell generally throughout the taluq. There is no
scarcity of drinking water. A considerable extent of poonjah land has been ploughed, and in
some places cumboo and gingelly have already been sown.

2. Prices are stationary, but there is no difficulty in procuring grains.

3. I do not fear any change for the worse, but the taluq must still be carefully watched,
and the additional Revenue Inspectors are doing good work in keeping me thoroughly informed
of the state of the taluq. If ever there was any real danger of there being a scarcity of grain
here, now and for the next two months is the time when symptoms might be expected to appear.

SUBMITTED for the information of Government.

2. As the rain is reported to have been more or less general, no doubt the Pandalum Division,
where matters were more unfavorable than elsewhere, has been greatly benefited.

No. 47. ORDER THEREON, 8th July 1874, No. 843.
