Read the following papers :—

No. 160. Proceedings of the Board of Revenue, dated 7th January 1874,
No. 11 :—

THE Board resolve to submit to Government the statistics called for by them in G. O., dated 31st October 1873, No. 1,226.

2. From the printed volume of statistics referred to by the Government of India, in which the returns now submitted are to be embodied, it appears that for Fasli 1281 the figures entered in the accounts Nos. 42, 44, 45, 83, and 84, respectively, relate to the official year and not to the Fasli or Revenue year as is the case with the figures entered in the statements for all the previous years. As it is desirable that the entries for all the years should relate to one and the same period, the statements now forwarded are made to embrace the figures for the Fasli year 1282, and in order that the entries in the statements for Fasli 1281 may be corrected if necessary, revised figures for that year also are shown in the Salt statements now forwarded. Under Stamps, however, it has been found impossible, with the information available in this office, to obtain correct figures for Fasli 1281, and the Superintendent of Stamps will be requested to send a revised statement for that year direct to Government. A copy of the statement now submitted by the Board for Fasli 1282 will be forwarded to the Superintendent, who will note that in No. 83 the total of stamp transactions, both Judicial and Non-Judicial, is to be shown; the details of Non-Judicial stamps alone being given in No. 84.

3. The figures in the accounts Nos. 43, 105, and 196 are all for the official years.

4. Under "Mint and Coinage" information is only given as to the value of gold and silver imported and exported into and out of the Presidency from and to Foreign ports as there is no Mint in the Presidency.
