Read the following letter from W. McQUHAE, Esq., Collector of Madura, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Periacolum, 13th June 1874, No. 166:—

THERE was a dispute regarding the irrigation of lands of Piragudy, in the Shevagunga Zemindari from the tank of Paniyur, in the Madura Taluq, and the District Engineer who was consulted on the subject proposed the construction of a new sluice in the tank for the benefit of the Zemindari ryots. The Rancee of Shevagunga agreed to this proposal, and remitted to the Treasury a sum of Rs. 350, being the estimated cost of the work, and it has been credited in the Accounts of this month to the Public Works Department. As the District Engineer states that this amount must be placed at his disposal, through the Accountant-General, I have the honor to request that the necessary instructions may be issued.

SUBMITTED for the favorable consideration of Government.
