*Proceedings of the Madras Government, Revenue Department,
3rd August 1874.*

No. 13. Read the following Proceedings of the Board of Revenue, dated 11th July 1874, No. 1,750, Forest No. 102 :—

Read the following letter from W. D. HORSLEY, Esq., Collector of Cuddapah, to J. GROSSE, Esq., Secretary to the Board of Revenue, dated 3rd June 1874, No. 129 :—

The Board will find from the enclosed copy of a letter* from the Deputy Conservator of Forests, that advantage is being taken of the late reduction of seigniorage on fuel by traders

in Madras, while it was not for their benefit the reduction was made.

2. I think, with Mr. Yarde, that a distinction should be made between dead and green wood for fuel. I propose that for dead wood, a seigniorage of Annas 4, per 1,000 lbs. should be charged, and for green wood Rupees 1 per 1,000 lbs. The seigniorage on Railway fuel should be Rupee 1, whether the wood is dead or green. Mr. Yarde suggests Annas 6 for dead wood. By reducing the seigniorage to Annas 4, the ryots will be encouraged to take dead wood, and so the growing trees will be left alone. Any attempt to make a distinction between ryots and traders would fail, because a trader could always obtain wood through a ryot, and some ryots are also traders in wood.

ENCLOSURE No. 1.

From H. E. YARDE, Esq., Deputy Conservator of Cuddapah Forests, to W. D. HORSLEY, Esq., Collector and Conservator, Cuddapah, dated Cuddoor, 28th May 1874, No. 42.

I beg to be informed whether rate of seigniorage of 6 Annas per 1000 lbs., or, a cart load is to be charged indiscriminately on "dead and refuse wood" as well as "green or live" as per Forest No. 82, Proceedings of the Board of Revenue, dated 12th December 1873, No. 2,577.

2. I admit of the fairness in ryots obtaining their fuel free of any charge, and the local supply (i.e.) bandy-loads being taken for sale into large villages and towns, being taxed 6 Annas, as only dead and refuse, or dry wood are carted for these purposes, or, under these two heads, and the Railway Company Rupees 1 per 1,000 lbs.; but I fail to see the judiciousness of the general order of 6 Annas.

3. Since the reduced rates came into force, a regular merchandise has sprung up between these forests and Madras. Green wood of a thinner description than the engine fuel is being conveyed by rail for the Co-operative Stores, and markets in the Presidency town, and for this purpose, more saplings are felled. Under the rules I cannot prohibit them, but I would suggest that sanction be obtained for increasing the rate to Rupee 1 on an equality with the Railway Company, for only green wood as is exported, while the two heads mentioned in my 2nd paragraph, viz., one ryots and two local supply, can remain unmolested at 6 Annas.

transmitted to Government, with reference to G. O., dated 31st October 1873, No. 1,225, in which Government fixed 11 seigniorage on wood sold to Railways at Rupee 1 per 1,000 lbs. and on wood sold to other purchasers at 6 Annas.

2. The result in Cuddapah is thus described by the Deputy Conservator: "Since the reduced rates came into force, a regular merchandise has sprung up between these forests and Madras. Green wood of a thinner description than the engine fuel is being conveyed by rail for the Co-operative Stores and markets in the Presidency town, and for this purpose more saplings are felled."

3. It appears that it is dead wood not green wood which is taken by ryots for their own use and sold in neighbouring villages and towns, and it is very desirable that the people should be encouraged to take dead wood rather than green wood.

4. The Collector and Deputy Conservator think that a low rate of seigniorage should be charged on dead wood and a high rate on green wood, the rate for railway supplies of both dead

wood and green wood remaining the same as at present. The Collector proposes that the rate for supplies not meant for railways should be 4 Annas per 1,000 lbs. of dead wood and Rupee 1 per 1,000 lbs. of green wood.

5. The Board resolve to recommend Government to allow this modification in their seignorage rules so far as regards Cuddapah.

Forests, No. 3.

The Governor in Council is of opinion that the proposed change would be likely to defeat the object of the recent reduction in the amount of seignorage on fuel and he is therefore unable to consent to it.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 11th July 1874, No. 1,780

Submitted to Government, with reference to G. O., dated 31st October 1873, No. 1,225, in which Government laid the seigniorage on wood sold to Railways at Rupee 1 per 1,000 lbs. and on wood sold to other merchants at 6 Annas.

2. The result in Cuddapah is thus described by the Deputy Conservator: "Since the reduced rates came into force, a regular merchandise has sprung up between these forests and Madras.
