*Proceedings of the Madras Government, Military Department,
30th June 1874.*

Ordinance,
Stores.

Read the following papers :—

No. 406. From Colonel H. K. BURNE, Secretary to the Government of India, Military Department, to the Inspector-General of Ordnance and Magazines; dated Fort William, 15th June 1874, No. 790.

In acknowledging receipt of your office letter, No. 8589-B, of the 14th March last, I am directed to intimate that, under the operation of Financial Department's Notification, No. 1035 of 7th June 1870, the Civil and Public Works Departments are not required to make any direct cash payments for work done on their account in any military factory or establishment, but are debited with the cost of the work as an inter-departmental adjustment, when, in each instance, the amount exceeds Rupees 50. Such expenditure is budgeted for by the departments requiring the work, and not by the department furnishing the supply, but it is necessary that funds for the execution of all such work should be duly provided for the factory or establishment in the cash requirement estimates, and that the Controller of Military Accounts should be duly advised by the Superintendent or Agent of the military factory, or establishment concerned, of the amount required for work to be executed,

1st.—For other Military Departments.

2nd.—For the Civil and Public Works Departments.

2. His Excellency the Governor General in Council accordingly desires that all officers whether in the Military, Civil, or Public Works Departments, who may require any work to be executed during the ensuing official year in any military factory or establishment should, when preparing their departmental estimates, intimate the nature and probable extent of the work required to the Superintendent or Agent of the factory concerned, who will advise them, and the Controller of Military Accounts of the amount required to execute the work, in order that the former may budget and the latter make provision for the same in the cash requirement estimates.

3. If no intimation should, as above prescribed, be received from departmental officers by the Superintendents or Agents of military factories or establishments, they will then estimate the probable expenditure for such departments on the basis of the annual average during the past 2 or 3 years, and advise the Controller of Military Accounts of the same in order that funds to such extent may be provided for by him in the cash requirement estimates.

4. Whenever funds so provided for in the military cash requirement estimates prove insufficient to cover the cost of work for other departments, application will be made by the Superintendent or Agent of the military factory to the Controller of Military Accounts, by whom the necessary arrangements will be made for the provision to their credit of any further funds that may be necessary.

No. 794.

Copy of the above forwarded to the Secretary to Government, Fort Saint George, Military Department, for the information of the Right Honorable the Governor in Council, and for the issue of the needful orders on the subject.

(By order.)

(Signed) O. R. NEWMARCH, Captain,
Asst. Secy. to the Govt. of India.
