Proceedings of the Madras Government, Revenue Department.
6th August 1874.

No. 47. Read the following letter from Surgeon-General E. G. BALFOUR, Surgeon-General, Indian Medical Department, Fort St. George, to the Secretary to Government, Revenue Department, dated 3rd August 1874, No. 349 :—

I HAVE the honor to mention, with reference to the order in G. O., No. 759, of 22nd June 1874, that there is in the depôt a quantity of the Amorphous Quinine, but it has undergone some chemical deterioration. Mr. Broughton's return is awaited to submit it to him. So soon as a supply of the usual quality is obtained, a quantity will be sent as directed; but to send that now in the depôt would not be doing justice to Mr. Broughton.

No. 48. ORDER THEREON, 6th August 1874, No. 981.

Miscellaneous.

THE Surgeon-General is requested to obtain from the Chemical Examiner a report upon the alleged deterioration of the Amorphous Quinine and the causes which have probably led to it.

(True Extract.)

(Signed) C. G. MASTER,
Acting Secretary to Government.

To the Surgeon-General, Indian Medical Department,

G. H. R. Bantleman

Esq. F. R. Bantleman.
