Proceedings of the Madras Government, Revenue Department,
14th September 1874.

No. 134. From R. KNIGHT, Esq., Assistant Secretary to the Government of Bengal, Financial Department, (Agriculture,) to the Secretary to the Government of Madras, dated Calcutta, 27th July 1874, No. 2,143:—

I AM directed to ask you to be good enough, with the permission of His Excellency the Governor in Council of Madras, to supply this Office with copies of the papers on your records of late years concerning the growth and manufacture of Tobacco in the Madras Presidency.

2. Some of the districts of Bengal produce Tobacco of excellent quality and in almost any quantity, but the people appear not to have the slightest idea how to cure it or how to manufacture it into cigars; and if you can furnish this Government with any information from your records as to the mode of curing and manufacture so successfully practised in Trichinopoly, Dindigal, and other parts of the Madras Presidency, the Lieutenant-Governor will be greatly obliged by your doing so. He would, also, be glad to know the results of any experiments that may have been made in the Madras Presidency in the way of acclimatising Havannah or other foreign varieties of the leaf.

Acting Secretary to Government.
