Proceedings of the Madras Government, Revenue Department,
18th September 1874.

No. 173. Read the following Proceedings of the Board of Revenue, dated 22nd August 1874, No. 2,352 :—

Read the following letter from W. R. ROBERTSON, Esq., M. R. A. C., Secretary, Madras Agricultural Exhibition, to the Managing Committee, Madras Agricultural Exhibition, dated Sydapet, 30th June 1874, No. 446A:—

I HAVE the honor to submit the Report of the Madras Agricultural Exhibition of 1874.

My duties, as Secretary to the Managing Committee of the late Exhibition, having now ceased, I will be glad to receive instructions regarding the disposal of the letters, papers, etc., connected therewith, that are now in my possession.

ENCLOSURE No. 1.—Report on the Madras Agricultural Exhibition of 1874.

A PERUSAL of Mr. Robertson's report shows that though the Madras Agricultural Exhibition was not such an undoubted success as the Board could have wished, there are not sufficient grounds for condemning it as a failure altogether. It must be borne in mind that it was the first of the kind that was ever held, and there were several fundamental errors in connection with the arrangements which can be rectified another time.

In the first place, the distance of Sydapet from Madras was an obstacle to visitors, and to a certain extent, to exhibitors.

Secondly. The prizes were far too small to attract exhibitors from a distance.

Lastly. The whole affair was novel and strange, and some confusion was a natural consequence.

2. Notwithstanding these drawbacks there were some encouraging features.

The building was suitable and commodious, and it was creditable to the Farm-establishment that it was finished at short notice in so satisfactory a manner.

The regulations and arrangements at the Exhibition seem to have been quite successful, and were creditable to the Committee and especially to Mr. Robertson the Secretary.

It must not be forgotten too, that the Chingleput District is probably the most backward in the whole Presidency as regards agricultural skill, farm stock, or enterprise amongst the ryots. Nothing worth showing was likely to be brought except from some distance.

3. *Nellore cattle*—were well represented as far as cows and heifers went, but the bulls were not first rate, with the exception of one three year old.

Sheep and goats—were badly represented. As for *Pigs*, the Board do not think many share Mr. Robertson's views that under any circumstances a large demand for pork will ever arise; it is probably better that it should not. Of *Poultry* the show was very good.

Grains and Pulses—were but indifferently represented. The same may be said of *Oil-seeds*. But Mr. Brougham's collection of *fibres* formed a show by itself.

Sugar-cane and Indigo—were both good.

Coffee—unfortunately the best samples arrived too late to compete.

Tea—was good, but the quantity shown was small.

Collection of Woods and Gums—Mr. Brougham again made an excellent show.
Dairy produce—was good.

4. All these redeeming features were, the Board think, a sufficient set off against the failures. They recommend that next year the Exhibition be held on one of the esplanades in Madras, that the prizes be at least doubled, and that the system of district competition be clearly recognized. The districts were not properly represented this year. An order was sent to Collectors to purchase on Government account a collection of grains, etc., produced in their respective districts, but it was sent so late that no good results could follow. On the next occasion timely notice should be given, if such a collection is to be made. Articles so sent should not compete for individual prizes, but might be allowed to count in the district competition.

Board's Proceedings, dated 21st January 1874, No. 101.

5. The sum sanctioned for expenditure was Rupees 8,000 and the amount of the outlay Rupees 8,890-3-1. The Board request sanction for the extra expenditure incurred.

It appears, however, that this does not include the amounts expended by the Collectors of certain districts in purchasing produce under the authority of Board's Proceedings, dated 21st January 1874, No. 101. The Collectors concerned having been called upon to report, and on receipt of their replies, the additional sum required will be reported for sanction. The correspondence connected with the Exhibition should be kept with the Farm records.

6. The essays to which prizes were awarded are deserving of commendation.

7. The thanks of the Board are due to the Members of the Committee and Judges, and especially to Mr. Robertson to whose exertions such success as was attained was mainly owing.

8. The Board would suggest that the report should be freely circulated, and that, if any spare copies are available, they should be sent for sale to Messrs. Higginbotham and Co., or Gantz Brothers.

No. 174. ORDER THEREON, 18th September 1874, No. 1,191.

Miscellaneous.

HIS Excellency the Governor in Council is of opinion that on the whole the Exhibition of 1874 was satisfactory. He desires that the thanks of Government may be conveyed to Mr. Robertson for his report and to the several Essayists for their contributions.

2. The extra expenditure amounting to Rs. 890-3-1 is sanctioned.

3. The Board will be good enough to carry out the suggestions in paragraph 8 of their Proceedings.

4. Considering the late period of the year and the short time which is left for preparation the Governor in Council is of opinion that the next Exhibition should be held in February 1876. There will thus be ample opportunity to arrange that all requirements are, so far as possible, provided for. The prize list should be revised, reference being made to the records of the Agricultural Exhibitions of Lord Harris's

Proceedings of the Madras Government, Revenue Department,

time so as to make full use of the experience then gained. The amount to be allowed for expenditure, prizes, etc., may be estimated at Rs. 15,000, and should be provided accordingly. Care should be taken that the districts are represented in the next Exhibition.

5. The best site will probably be in the People's Park near the Elephant Gate Bridge.
