Judicial.
No. 32.

INDIA OFFICE, LONDON,
16th July 1874.

MY LORD,—I have considered in Council your Financial letter (Separate Revenue, Stamps) No. 8, dated 8th May 1874, relative to the provision of a reserve stock of the Non-judicial stamped papers.

2. As stated in my telegram of the 15th instant, the information afforded in the correspondence accompanying your letter is not sufficiently clear to enable arrangements to be made in a satisfactory manner for the future supplies of these stamps. As stated in the telegram above referred to, it is necessary that I should be furnished, as soon as practicable, with the estimated annual requirements of each value for each Presidency.

3. A memorandum on the exterior of the indent for stamped papers required at Madras, which accompanies your letter, states that the quantities specified are required for a year's consumption, whilst a note on the face of the indent mentions that the supply asked for represents two years' stock. It is important that this discrepancy should be explained.

4. The provision of these stamps will involve very considerable labor and expense, and, in dealing with a transaction of such magnitude, it is desirable that the fullest and most correct data should be obtained, in order to arrange for the punctual and continuous execution of the work.

I have, etc.,
