No. 37. Read the following Proceedings of the Board of Revenue, dated 19th September 1874, No. 2,685:—

Read the following letters:—

From R. W. BARLOW, Esq., Collector of the Chingleput District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Sydapet, 31st July 1874, No. 396.

In reply to the Board's Miscellaneous No 4,953, dated 23rd instant, I have the honor to report that the building at Guindy, where the District Engineer holds his office, is not required by the Revenue Department.

From the same officer, dated Sydapet, 24th August 1874, No. 439.

In reply to the Board's official memorandum of the 15th instant, No. 1,273, I have the honor to report that the Taluq Cutcherry, Sydapet, now that the English records have been removed to Homes' Gardens, fairly answers "all requirements," though it wants certain Court fittings, and, on the whole, I prefer it to the District Engineer's Office at Guindy as a Taluq Cutcherry.

2. I should add here, however, that, now that the whole establishment has been removed to Homes' Gardens, it is much crowded, and even when the Special Deputy is withdrawn from the district, this will continue to be the case, and the inconvenience might be met, should the Board see fit, by moving the Assistant Collector or General Duty Deputy-Collector, whichever officer is eventually decided on for this district, to Guindy; but I should myself prefer to add another room to Homes' Gardens.

Submitted to Government with reference to G. O., dated 9th July 1874, No. 1,829, Public Works Department.

2. The building at Guindy, now occupied by the District Engineer, will be of no use to the Revenue Department, unless it is decided to relieve the Collector's office, which is somewhat overcrowded, by moving an Assistant Collector or Deputy-Collector to Guindy. The overcrowding can, however, be easily remedied by building a new room at Homes' Gardens, and the Board think it very desirable that the Assistant or Deputy should remain there close to the Collector.

No. 38. Order thereon, 5th October 1874, No. 1,265.

Miscellaneous.

Communicated to the Public Works Department. The Collector will take steps agreeably to Public Works Order, dated 24th March 1873, No. 916, to procure an estimate for the additional room required for the Assistant or Deputy-Collector.
