No. 86. Read the following letter from J. R. COCKERELL, Esq., Commissioner of the Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 9th September 1874, No. 61:—

I HAVE the honor to submit, for early instructions, a letter to my address from the Superintendent of the Cinchona Plantations, with an enclosure.

2. Mr. McIvor applies for the use of the Quinine Factory at the bottom of the Botanical Gardens at Ootacamund until such time as Mr. Broughton may require it, in order that bark may be dried and stored therein.

3. I submit this application, because, by G. O., Revenue Department, dated 23rd January 1874, No. 102, my duties in connection with Mr. Broughton's department during the absence of Mr. Broughton are limited to supervising the establishment and paying the men's salaries.

ENCLOSURE No. 1.

From W. G. McIVOR, Esq., Superintendent, Government Cinchona Plantations, to J. R. COCKERELL, Esq., Commissioner of the Nilgiris, dated Ootacamund, 4th September 1874, No. 37.

I HAVE the honor to bring to your notice that the Jail buildings at Neddivuttum were made over to Mr. Broughton for purposes connected with the Cinchona manufactures early in 1870, in compliance with G. O., Revenue Department, dated 15th December 1869, No. 3,178. These buildings were "constructed with the intention of being ultimately formed into a bark-store and drying-house," and the cost debited to Cinchona cultivation. We are this season collecting a large quantity of bark for shipment to England, and it is, therefore, necessary that at least one-half of the Jail and buildings at Neddivuttum be placed at my disposal for a drying-house and bark-store, as it is impossible without buildings or accommodation to collect and dry bark in such a condition as to place it in the market to the greatest advantage.

Cinchona Report for 1864-65, recorded in G. O., 27th September 1865.

2. On the 26th November 1873, I applied to the Government Quinologist for the temporary use of the buildings attached to his manufactory at Ootacamund for the purpose of storing and packing the bark. You will observe, by copy of letter appended, that that gentleman refused the use of the buildings, stating they "will most probably be required for work in a short time." I would bring to your notice that these buildings have not been used by the Government Quinologist for upwards of three years, and beg you will be so good as to obtain the sanction of Government at the earliest possible date for the buildings in question being temporarily placed at my disposal until such time as they are actually required by the Government Quinologist. I make this request as I have now on hand a large quantity of bark with insufficient accommodation for storing and packing it, which work has to be done in Ootacamund.

From J. BROUGHTON, Esq., Government Quinologist, to W. G. McIVOR, Esq., Superintendent, Government Cinchona Plantations, dated Ootacamund, 26th November 1873.

IN reply to your letter, No. 85, of the 26th instant, I have the honor to state that the buildings, whose use you request, will most probably be required for work in a short time. I am, therefore, at present unable to place it at your disposal as you request, which otherwise I should have much pleasure in doing.

Proceedings of the Madras Government, Revenue Department, 9th October 1874.

No. 87. ORDER THEREON, 9th October 1874, No. 1,200.

Miscellaneous.

THE Commissioner should communicate with Mr. Broughton who, it is believed, has now returned from leave.
