Proceedings of the Madras Government, Revenue Department,
12th October 1874.

No. 140. Read the following Proceedings of the Board of Revenue, dated 19th September 1874, No. 2,684, Forest No. 170 :—

Read the following letter from Captain C. WALKER, Officiating Inspector of Forests, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Ootacamund, 3rd June 1874, No. 132 :—

WITH reference to Board's Proceedings, Forest No. 20, dated 7th March 1874, referring the proposals for revision of Forest establishments in the several districts, I have the honor to state that, pending the decision of Government on several important points connected with the organization and administration of the department, the extension of departmental working, etc., I think it advisable to defer the revision.

During the current official year I shall visit all the forest districts with which I am not already well acquainted, and consider the establishments required on the spot in communication with the Collector and Forest Officer in charge.

2. When this has been done, by which time it may reasonably be hoped that the questions now before Government will have been settled, and some broad principles for guidance laid down, I shall be in a position to submit a complete scheme for the revision and re-organization of the forest establishments (below the rank of Assistant Conservator) throughout the presidency. I trust the Board will approve and inform Government that the matter is to lie over for the present.

3. There is no proposal amongst the original papers forwarded, for the revision of the Wynaad establishments, but I shall consult Mr. Macgregor on the subject.

4. Pending the revision, however, there are one or two cases in which some change is imperatively called for. These are in the Trichinopoly, South Arcot, Madura, Tinnevelly, South Canara and Coimbatore districts.

In the former, the Overseer T. Maria Pillay, should be graded as a Sub-Forester of the second class on Rupees 40+10 from the 17th June 1872, the date from which he has actually discharged the duties—(*vide* Collector's letter of 31st May 1873, No. 103, to be returned) and the pay of the Writer in the Assistant Conservator's Office should be raised to Rupees 20 from the 1st April last, the sanction for the two Maistries on Rupees 20 and 10 not being interfered with, and two peons at Rupees 7 being entertained in lieu of the one on Rupees 6. In South Arcot, the pay of the senior Clerk should be raised to Rupees 25 and of the 2nd Clerk to Rupees 15 from 1st April last, and two Peons at Rupees 7 each be entertained for duty in the Deputy-Conservator's Office, as at present he is obliged to take away peons from their forest duties to attend in the office.

In South Canara, the services of a 2nd Clerk on Rupees 20 appear urgently required (*vide* Collector's letter, No. 87, dated 17th January 1874, to be returned) and a Vernacular Clerk or Gumastah on Rupees 15 each for the Offices of the Deputy-Conservators of Madura and Tinnevelly has long been required.

In the newly constituted range of Mettapoliem, etc., a Writer on Rupees 20 and two Peons on Rupees 7 each are necessary for the Office of the Deputy-Conservator, the former being already employed and paid from working charges, and the latter withdrawn from their tannahs to the detriment of conservancy and revenue.

5. All these appointments are recommended by the Collectors in their letters which are with me, and arrears are accumulating in forest offices owing to the delay in entertainment.

6. I propose to meet the expenditure for these very necessary revisions from savings under establishments, and submit a tabular statement, showing what is proposed in comparison with the appointments sanctioned but not filled up, etc., leaving still a balance available of Rupees 100, sufficient to meet the pay of the Writer and Peons for this Office, applied for in my letter, No. 60, dated 2nd May 1874.

7. I trust that the Board will, under the circumstances, accord provisional sanction, and forward the application for the approval of the Government of India as a temporary revision of existing establishments, involving no new or extra charge.

ENCLOSURE No. 1.—Letter from Collector of South Canara, dated 17th January 1874, No. 87.

ENCLOSURE No. 2.—Letter from Collector of Trichinopoly, dated 31st May 1873, No. 103.

ENCLOSURE No. 3.—Statement.

THE Board agree with the Officiating Inspector of Forests that the general revision of Forest establishments should be postponed till he is able to visit all the districts. Meanwhile, they request that the Government will be pleased to sanction the establishments, recommended by the Officiating Inspector, temporarily, pending the general revision of establishments.

2. It will be seen from the table given below, that the establishment now proposed does not involve any additional expenditure to the State, and that its cost, as well as that of the establishment, sanctioned by Government, in their Order, dated 21st July 1874, No. 901, can be met from savings obtained by the abolition or the non-filling up of the sanctioned appointments provided for in the budget.

3. It is requested that the appointment of the Sub-Overseer of Trichinopoly may be ordered to take effect from the commencement of the current official year, as the individual, who is now employed and paid as a Maistry from working charges has been doing duty from June 1872. The Collector recommends the appointment to be made from the 17th June 1872, but this cannot be done, there being no funds for paying the arrears of past year.

4. The other appointments will take effect after the Government sanction is communicated to the Collectors.

5. The Board notice that in some districts, Clerks, Gumastahs, and Peons are temporarily appointed by Collectors on their own authority, the cost being debited to Working Charges

Proceedings of the Madras Government, Revenue Department,
12th October 1874.

Although this has been usually done, the Board consider it wrong in principle to appoint Clerks, Gumastahs and Peons and debit their cost to "Working Charges" instead of to "Establishment." The Board will correct this anomaly during the revision of the establishments. Meanwhile, Collectors will be requested not to employ *in future* any Clerk, Accountant, Gumastah or Peon without the sanction of Government obtained through the Board. Temporary Maistries and Watchers however may be employed as usual under the orders of the Collector, and their salary debited to Working Charges.

No. 141. ORDER THEREON, 12th October 1874, No. 1,313.

THE Governor in Council acquiesces in the proposals of the Board as contained in the foregoing Proceedings.
