Proceedings of the Madras Government, Revenue Department, 20th October 1874.

No. 263. Read the following Endorsement of the Acting Under-Secretary to Government, dated 20th October 1874:—

Read the following letter from W. S. WHITESIDE, Esq., President of the Municipal Commission, Vellore, North Arcot, to the Hon. D. F. CARMICHAEL, Chief Secretary to Government, Fort St. George, dated Palmanair, 12th October 1874, No. 68:—

At the instance of the Municipal Commissioners of the Town of Vellore, I have the honor to bring to the notice of Government that, as matters now exist, there is a great deal of divided authority in the matter of trees and grazing grounds within the limits of the Municipality: the trees in the fort, the grazing on the glacis of the fort, and the privilege of cutting grass in the fort-ditch are in the charge of the Sub-Collector; the Tahsildar has charge of the greater part of the trees planted on either side of the various roads in the Municipality; and the grazing within the limits of the cantonment is put up to auction annually by the Military authorities, and the proceeds paid to the credit of Government into the taluq treasury.

2. The Commissioners consider it desirable that all avenues on the sides of public roads and all grazing lands within the limits of the Municipality should be handed over to them, as now the entire conservancy of Vellore, including the Military cantonment and fort, is in their hands.

3. Concurring in these views of the Commissioners, I beg to request that Government will be pleased to sanction the measure proposed by them.

Transferred to the Revenue Department,

Acting Under-Secretary.

Sir,

At the instance of the Municipal Commissioners of the Town of Vellore, I have the honor to bring to the notice of Government that as matters now exist there is a great deal of divided authority in the matter of trees and grazing grounds within the limits of the Municipality. The trees in the Fort, the grazing on the glacis of the Fort, and the privilege of cutting grass in the Fort ditch are in the charge of the Subcollector. The Tahsildar has charge of the grazing part of the trees planted on either side of the various roads in the Municipality;
