Proceedings of the Board of Revenue

Dated the 15th May 1874

Read the following:-

No. 252.

From W. R. Robertson Esqr. M.R.A.C.
Superintendent, Government Farms.

To J. Grose Esqr.
Secretary, Board of Revenue.

Sir,

In reply to the Board's Official Memorandum No. 2004, dated the 21st December 1873, I regret to state that I have not yet been able to afford more of the time, that will be needed to enable me to write from my notes, the Report called for on Neilgherry Agriculture.

2. Until the arrival of my Assistants I

I could not possibly spare the time, as my attention was fully occupied in the management of the Farms paid in the performance of my ordinary duties, work that could not be neglected or postponed.

3. I had hoped that an opportunity might present itself during January and February of the present year, but this was not so, for the Agricultural Exhibition in February gave full employment for all the time I could then spare from my ordinary work.

4. I regret exceedingly that the preparation of this Report has been so long delayed, but I hope now that I am relieved of Executive Farm duties that I will be able to command the time needful to write this and the other reports that are due.

5. While it will be much more difficult to prepare the Report now than it would have been to prepare it immediately after my visit to the Nielgherries, the time that has elapsed since my visit, has afforded me an opportunity of considering more fully the various questions that I was called upon to investigate.

I have &c
