Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 20th May 1874.

Read the following:—

No. 411. From the District Engineer, Madura, dated Madura, 23rd April 1874, No. 284.

No. 412. ORDER THEREON, 20th May 1874, No. 1,342.

CIVIL WORKS, No. 45.

HIS Excellency the Governor in Council does not feel called upon to move in the matter of a site for a Racket Court at Madura. When the parties concerned shall have settled the question for themselves, and obtained the concurrence of all authorities interested, the Government grant will be available for the construction of the building.

Extract paragraph 4 of District Engineer's letter No. 5,357.

In regard to the arrangements for urinals and latrines, I would refer you to my enclosed letter to Mr. Chisholm, No. 4,336, dated 21st January 1874, and to his reply, No. 767, dated 12th instant. By the express order of Government the whole of the designs for new work in the palace are to be prepared by the Government Architect, and my duties are confined to carrying out the work. I can assure you that the delays that have recently occurred in connection with the Palace works have been most vexatious to me and none the less harassing because they are beyond my control.

2. The attention of the Consulting Architect is called, in connection with G. O., No. 1,032, of 22nd April, to paragraph 4 of the District Engineer's letter to the Collector, No. 5,357 of 27th March. He will in personal communication with the District Engineer and with heads of departments concerned, lose as little time as possible in planning and estimating for all accommodation yet to be provided in the palace including subsidiary buildings.
