*Proceedings of the Madras Government, Financial Department,
20th May 1874.*

No. 180. Read the following letter from R. B. CHAPMAN, Esq., Secretary to the Government of India, Financial Department, to the Honourable D. F. CARMICHAEL, Acting Chief Secretary to Government, Fort St. George, dated Fort William, 8th May 1874, No. 2798 (Accounts):—

In acknowledging the receipt of the estimates of revenue and expenditure of the Presidency of Madras for the year 1874-75, I am directed to state that the figures last reported by the Accountant-General have been accepted, except under the following heads:—

REVENUES.

IV.—*Excise*; VI.—*Customs*; XIII.—*Law and Justice*.

The estimates under these heads have been raised with reference to the actual receipts in 1873-74.

IX.—*Stamps*.

The process fees are now being collected by stamps, and the year 1874-75 ought to show a larger revenue than is estimated for. The local figures have accordingly been raised to £468,500.

XVI.—*Receipts in aid of Superannuation, &c., Allowances*.

The home accounts show that the proper credit from fund deposits is £161,778. The estimate under this head is, therefore, reduced to £229,600.

XVII.—*Gain by Exchange*.

£3,300 is deducted under this head on account of Annuity Fund transactions.

XVIII.—*Miscellaneous*.

The local estimate has been altered with reference to past year's statistics.

EXPENDITURE.

2.—*Interest on Service Funds and other Accounts*.

The grant under this head has been fixed at £46,900, after the deduction of £37,400 on account of the surrender of the Annuity Fund.

4.—*Land Revenue*.

The provision asked for 1874-75 appears, in the absence of explanation, to be insufficient. The £6,000 retrenchment not having been realized in 1873-74, it is not understood why the amount is expected to be saved this year. The grant has, therefore, been fixed at £431,000, after the deduction of £4,000 on account of the Annuity Fund.

5.—*Forest*.

Separate orders have been passed on this estimate.

9.—*Salt*.

Under this head £150,000 have been granted as in 1873-74.

15.—*Administration*.

The estimate under this head has been reduced with reference to the actual charges in 1873-74. Of the retrenchment made, £1,800 is on account of the Annuity Fund deduction, and the remainder on account of probable savings.

*Proceedings of the Madras Government, Financial Department,
20th May 1874.*

17.—*Law and Justice.*

The estimate under this head is much higher than in 1873-74; this is due in the main to the full charges having been estimated, and no allowance made for savings. It is considered sufficient to allow £375,000, less £4,400 on account of Annuity Fund deduction, or £370,600 as the grant under this head.

19.—*Ecclesiastical.*

The difference between the local estimate and the grant is owing to savings expected in the course of the year.

24.—*Superannuation, &c., Allowances.*

£45,000 is added on account of Civil Service Annuities, and £73,300 struck off on account of donation to the Civil Service Annuity Fund.

25.—*Loss by Exchange.*

The grant under this head has been fixed with reference to the loss in 1873-74.

26.—*Miscellaneous.*

Deducting £1,500 transferred to Provincial Services from 1874-75 on account of European vagrants, the grant under this head stands at £7,500 in a round sum.

The slight differences observable under other heads arise from the rounding of figures.

A statement showing the figures last reported by the Accountant-General, and those accepted by the Government of India, is herewith forwarded for information.
